

Temporary closure of Welsh Road & car park, Offchurch

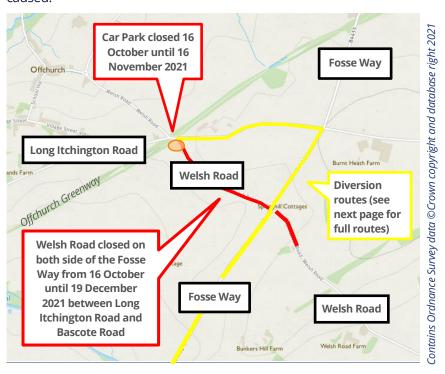

September 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are underway in your area, carried out by LM – a joint venture between Laing O'Rourke and J. Murphy & Sons.

Fosse Way highway works continue on Welsh Road

LM will be temporarily closing Welsh Road from 16 October to 19 December 2021 between Long Itchington Road and Bascote Road. The reason for the closure is to carry out utility connections, earthworks, carriageway realignment and tie-in works etc. as required for the construction of the roundabout at this location. The car park on Welsh Road (which is also used for the Offchurch Greenway) will close from 16 October until 16 November.

This timeframe is subject to consents – any changes will be published on hs2inwarwickshire.co.uk. We apologise for any inconvenience caused.

If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email HS2enguiries@hs2.org.uk

HS2 and the COVID-19 outbreak

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue as long as it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines

About our Community and Business Funds

HS2 offers two funds that are available to local communities and businesses in Birmingham and the West Midlands, to help with any disruption caused by our construction work. These are the

Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: www.groundwork.org.uk/hs2funds
