

## We would like to update you on our construction plans for part of the former Maria Fidelis school site

High Speed Two (HS2) is the new high speed railway for Britain. Earlier in the year we submitted a planning application to build a new Construction Skills Centre and site accommodation building on the former Maria Fidelis school playground, adjacent to North Gower Street and Starcross Street.

We are holding an online event on **15 November 2021** to share our Construction Management Plan for the proposed development.

At this event you will be able to:

- **Discuss the Construction Management Plan with our team;**
- **Ask questions and share your thoughts on the plan;**
- **Find out how you can be involved in the regular review of our Construction Management Plan**

We are holding **an online engagement event** to share the Construction Management plan and provide you with an opportunity to ask questions

- The event will be held on **Monday 15 November 2021**, between **6pm** and **7pm**.

The event will be held on Microsoft Teams. You can register your attendance in advance via **[hs2.org.uk/events](https://hs2.org.uk/events)**

All of the information shown during the events will be available from [www.HS2inCamden.co.uk](http://www.HS2inCamden.co.uk) prior to this event.

If you do not have internet access but would like to find out more, please get in touch via telephone and we will be happy to help.
