

Notice of bat mitigation works, Featherbed Lane

October 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. Further to the Covid-19 restrictions being relaxed we are now beginning to plan for future face-to-face engagement events and meetings. Whilst we continue to move forward, we will continue to communicate with communities via letters, online meetings, and phone calls. You can sign up for regular updates in your local area at www.hs2.org.uk/in-your-area

What are we doing?

Following on from the earlier completed bat surveys, we are continuing our established programme of bat mitigation works. Where sections of trees have been identified as moderate to high potential they will be resurveyed by a qualified ecologist. The roadside trees will be climbed to check for habitat and subject to the outcome of these surveys, tree limbs / trees may be felled at this time. As some of these works will need to be carried out on or adjacent to the carriageway, we will need to put in place a temporary road closure to undertake these works safely.

The daily closure will take place on Featherbed Lane from

Monday 1st November to Wednesday 3rd November 2021 between **08:00.am till 6pm**

Outside of these times Featherbed Lane will be open as normal.

The local diversion route advised overleaf will be in place.

Through access to emergency services will be permitted during this road closure. Access arrangements are in place with the local farmer.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
