## **Update: overnight weekend** works at Atlas Road site to install conveyor towers

November 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19.

## Works to construct conveyor towers within Atlas Road site

We wrote to you in October 2021 with an update about ongoing SCSJV works in the local area. In this notification we mentioned ongoing works to construct the future conveyor foundations and towers. As part of these works, we will need to construct the conveyor towers which will require the use of a crane in close proximity to the rail line.

Due to safety regulations these works will need to take place overnight at weekends during a Network Rail track possession when trains are not running. Unfortunately, due to ongoing discussions with Network Rail regarding dates of the possession we were unable to provide details of these works at an earlier date.

## **Overnight weekend works**

These works will take place overnight on weekends on the following dates and times:

- Between 8pm Saturday 20 and 10pm Sunday 21 November 2021
- Between 8pm Saturday 27 and 10pm Sunday 28 November 2021
- Between 8pm Saturday 11 and 10pm Sunday 12 December 2021
- Between 8pm Saturday 18 and 10pm Sunday 19 December 2021

During these works, we will be using both manual and power tools with task lighting in place during low light. You may notice some additional noise from the power tools during aspects of these works but be reassured that we will continue to monitor our working methods throughout to ensure any disruption is kept to a minimum.

Dates and times mention above may change due to unforeseen circumstances, at which point we will keep you updated.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

## **About our Community and Business Funds**

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
