

Ground investigations and road closure on Chase Road

October 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19.

Further trial holes on Chase Road

We have previously carried out ground investigations on Chase Road. We will be carrying out further trial holes on Chase Road between the junctions of Sunbeam Road and Gorst Road. These works will involve digging temporary trenches to confirm the location of utilities under the surface of the road and footway. There will be no disruption to utility services because of these works.

To reduce the impact of these works on the road network and local businesses, we will be carrying out the road investigation during overnight shifts when traffic and pedestrian flow is reduced, with the footpath investigations occurring during the day. Pedestrian and vehicle movements will not be impeded during the day.

The trial holes will take place from 15 November 2021 to 10 December 2021 overnight between the hours of 12:30am to 6:15am and during our core hours of 8am to 6pm.

We will also use noise reducing barriers where possible to help minimise any noise disruption to the local community, working as efficiently as possible whilst keeping our work areas tidy.

Temporary Road changes during the installation

During the overnight works a full Road closure will be in place on Chase Road between Sunbeam Road and Gorst Road.

A vehicle diversion route will be clearly signed throughout these works with the traffic management and road closure removed after every night shift. Access to buses will not be affected due to these works. A safety zone will be placed around our works on the footpath during the day shift.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
