

Notice of traffic management: A429 between Coventry and Kenilworth

November 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the high-speed railway in your area.

The work we will be doing

BBV will be carrying out surveys in the existing verge, carriageway and drainage systems of the A429 between Coventry and Kenilworth, these works are non-intrusive and are to identify utilities and prepare for future works. To carry out these works safely we will install a lane closure controlled by temporary traffic lights. The exact location of the lane closure will move along the A429 in line with the works.

When these works will take place

The temporary traffic lights and lane closures will be in place overnight from **8pm** until **6am** each day from Monday 6 December to Saturday 11 December 2021. These works are subject to weather conditions. We will keep you updated through www.hs2inwarwickshire.co.uk

For the extent of the lane closure- **please see map overleaf**

HS2 and the Coronavirus

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with Coronavirus. The Government's current Coronavirus strategy makes clear that construction activity can continue as long as it complies with this guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
