Upcoming works at our sites on Breakspear Road South and West Ruislip

November 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19.

You can sign up for regular updates in your local area at www.hs2inhillingdon.co.uk.

What we are doing

From 15 November 2021, we will be carrying out the following activities:

Breakspear Road South

- Construction of support structures (abutments and wingwalls) for the new bridge over Breakspear Road South. This activity will consist of fixing the steel reinforcement and erecting the temporary shape into which the concrete will be poured.

West Ruislip

- Sheet piling installation to support the ground for the construction of West Ruislip Tunnel portal. Steel sheet piles will be installed side by side along the planned perimeter, we are planning to use a pre-auger drill to loosen the ground and then press the piles into position.

We will continue to monitor noise, dust and vibration throughout our works and ensure that adequate measures are in place to minimise disruption.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
