

Notice of overnight road closures- A413, Wendover Bypass and Nash Lee Road

November 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19.. You can sign up for regular updates in your local area at www.hs2inbucksandbox.co.uk

What Are We Doing?

We are undertaking overnight topographical surveys along the A413, Wendover Bypass and Nash Lee Road. With extra resource now available we can condense the closure period and these surveys will be carried out over a period of one week.

To carry out these inspections safely and effectively, we will need to put in place overnight road closures with signed diversions. This is required because our staff will be working directly on the carriageway.

When will these works take place?

The A413, Wendover Bypass and Nash Lee Road will be closed overnight for topographical surveys from 7.00pm-6.00am, Monday 29 November to Monday 6 December.

We will work to open the roads to reduce disruption as soon as possible. Should there be delays to our works, these dates may be subject to change.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Duration of works

Works will commence Monday 29 November 2021

Overnight Hours:

Monday to Friday

7.00pm – 6.00am

Our contractors may be on site for one hour's start-up and shutdown either side of these times.

What to expect

Overnight road closures.

Some additional traffic.

What we will do

Manage any environmental impacts, such as traffic and noise.

Take care to respect the community.

Notification

What are topographical surveys?

A topographical survey is an exercise undertaken by land surveyors using highly specialised survey equipment. Topographical surveys provide detailed maps of land, identifying both natural and man-made features within a specified area.

These surveys will record the location and sizes of features, such as:

- Hedges
- Grid covers
- Kerbs
- Road layouts
- Road markings
- Grass verges
- Building footprints
- Walls
- Walkways
- Underground utilities
- Water courses and extents of ponds and lakes
- Slopes, natural banks and depressions in the land

Topographical surveys will help us to finalise the design of the new railway and road alignments and where possible allow us to reinstate features after construction. Our team of surveyors will be using a digital measure or camera also known as a 'total' station, shown in the picture below, to record what is present.

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
complaints@hs2-cc.org.uk

Property and compensation

You can find out all about HS2 and properties along the line of route by visiting:
www.gov.uk/government/collections/hs2-property
Find out if you're eligible for compensation at:
www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint by contacting our HS2 Helpdesk team. For more details on our complaints process, please visit our website:
www.hs2.org.uk/how-to-complain
