Notice of temporary single lane closure along the A446 northbound in November

November 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are being carried out by a joint venture between Laing O'Rourke and J. Murphy & Sons, known as LM. In your area, we are working near the A452, A45 and M42, which surround the site of the future HS2 Interchange Station.

We're working across the Interchange area

As part of our preparation works for the future construction of the HS2 Interchange Station and railway route we are planting trees and vegetation in the area. To safely carry out our works, we will install traffic measures when necessary.

We'll be starting work on Monday 22 November

We will install a temporary single lane closure along a short section of the A446 northbound off Northway Island, from **Monday 22 November for three weeks**, from 9.30am to 3.30pm each day. We will work Monday to Friday. Our contractors may be on site up to an hour before and after these times to set up and close down the site at each location.

This schedule is subject to change depending on supply chain deliveries and gaining the appropriate consents.

These traffic measures will be carried out in conjunction with a new, permanent direction of travel for road users around Northway Island and occasional off-peak single lane closures around the longabout, on the way to the NEC, and along short sections of the B4438 and Northway.

For more information about all of our traffic measures in the area, please visit: www.hs2.org.uk/in-your-area/map

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses across Birmingham and the West Midlands, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: www.groundwork.org.uk/hs2funds
