Work on behalf of HS2 Ltd – ‘stop’ and ‘go’ boards on Chorlton Lane from 28 February until mid-October 2022

Thank you for your understanding with our ongoing project work. I'm getting in touch to provide a further update regarding traffic management in the area.

We'll lift the closure of Chorlton Lane a little earlier than planned. Instead of 3 March as previously communicated, it will now be open to motorists from Friday 25 February.

For the remainder of the project works, we'll use 'stop' and 'go' boards (or similar) on Chorlton Lane to control local traffic during deliveries to and from our site. This will take effect from 28 February until mid-October. We kindly request motorists wait in one of the passing bays when we receive deliveries. Our contractors will use a radio system to aid traffic flow.

The use of 'stop' and 'go' boards means we're able to keep Chorlton Lane open, and we won't need to divert traffic along Waybutt Lane and Newcastle Road, while we carry out the gas pipeline diversion works on behalf of HS2 Limited.

If you have any questions about our work or role on HS2, please contact our Community Relations team. They're available daily from 7am-7pm on 0800 073 1047. Alternatively, you can email HS2.Info@nationalgrid.com. For safety reasons, we'd be grateful if you don't visit our site or approach our contractors directly.

If you have a general enquiry regarding HS2, please call the HS2 Freephone Community Helpline which remains operational all day, every day, and is your first point of contact should you need advice or information from HS2. The Helpline is available at HS2enquiries@hs2.org.uk and telephone 08081 434 434. A Freephone Minicom service is operated on 08081 456 472 for those with hearing difficulties. You can also write to them at: HS2 Community Hub, High Speed Two (HS2) Ltd, Two Snowhill, Snow Hill Queensway, Birmingham, B4 6GA.

Thank you again for your understanding with the ongoing project work.

Yours faithfully

Mark Whittaker
