

Notice of Saltley Weir Overflow Diversion

November 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new railway in your area

Upcoming diversion of Saltley overflow weir Birmingham and Warwick Junction Canal

As we prepare to construct the new Saltley Canal Underbridge, we will need to divert Birmingham and Warwick Junction Canal's existing overflow weir in Saltley. The overflow weir maintains the water levels of the canal by overflowing high levels of water into Saltley reservoir.

We need to divert the overflow weir because it is currently located where we will be building the new Saltley Canal Underbridge.

What we will be doing?

The overflow weir diversion will be taking place in December 2021. To complete the diversion, we will need to drive sheet piles into the ground to create a dry dock. Once we have a dry dock, we will then be able to construct the concrete structures that will form the weir.

We will monitor and control the levels of noise, vibration and dust during our construction. Pedestrians, cyclists and boats will be able to continue to use the canal as we carry out these works.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Duration of works

December 2021 until end March 2022.

Normal working hours
Monday to Friday 8am to 6pm and Saturday 8am to 1pm.

We may also be on site for one hour's start up and shutdown outside of these times.

What to expect

Clear signage. Some noise and vibration in the area as we drive sheet piles to create a dry dock.

What we will do

Ensure that our work areas are safe and secure.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
