School Road – Sewer Lining 29 November to End of 13 February 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. You can sign up for regular updates in your local area at www.hs2.org.uk/stations/old-oak-common

School Road – Monday 29th November to 13 February (Day Works and Night Works)

From Monday 29th November until the end of January CSJV will be carrying out Sewer Lining works in School Road, upgrading the local sewer network. These works will be conducted in phases, beginning to the west of School Road and progressing east before returning in the opposite direction along the opposite side of the road.

No excavations will be required during these works as the access to complete the sewer lining will be via manholes situated within the carriageway. While these works are carried out a closure of the School Road junction with Victoria Road will be in place for through-traffic on nights. School Road businesses will still have access to School Road entrances and be able to use School Road as a two-way road. A diversionary route will be in place via Chase Road and Chandos Road for any through-traffic. School Road will still be open with narrow lanes in place during the day.

Some parking bays will also be suspended along School Road from the 27th November onwards while the closure is in place.

From Monday 29th November to 13th December Night-time works (8pm – 6am) will also be taking place along School Road to minimise disruption to local businesses and the community.

Throughout the duration of our works Thames Water will be in attendance completing commissioning works to the sewer.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
