Dear Stakeholder

Work on behalf of HS2 Ltd – weekend work until early September in Pipe Ridware

I've previously written to you regarding works we're legally required to carry out on behalf of HS2 Limited. As you're aware, the new HS2 railway will pass above one of our gas pipelines at Pipe Ridware between Alrewas and Weston Bank. To ensure the pipeline continues to operate safely and reliably, we need to divert it.

I wanted to let you know that we've consulted with the local authority regarding weekend work in our main works area at Pipe Wood Lane. Starting this weekend, we'll be on-site every Saturday and Sunday from 8am until no later than 5pm until early September.

We'll do all we can to keep disturbance to a minimum, which includes the use of machinery from 8am and not before. Working weekends will help us keep to the construction programme so we can demobilise around late-October. **None of our work will affect gas supplies.**

For more information, including leaflets detailing the closures/diversions, search Pipe Ridware at www.hs2.org.uk/in-your-area/map/

If you have any questions about National Grid's work or role on HS2, please contact our Community Relations team. They're available daily from 7am-7pm on 0800 073 1047. Alternatively, you can email HS2.Info@nationalgrid.com. For safety reasons, we'd be grateful if you don't visit our site or approach our contractors directly.

If you have a general enquiry regarding HS2, please call the HS2 Freephone Community Helpline which remains operational all day, every day, and is your first point of contact should you need advice or information from HS2. The Helpline is available at HS2enquiries@hs2.org.uk and telephone 08081 434 434. A Freephone Minicom service is operated on 08081 456 472 for those with hearing difficulties. You can also write to them at: HS2 Community Hub, High Speed Two (HS2) Ltd, Two Snowhill, Snow Hill Queensway, Birmingham, B4 6GA.

We thank you for your patience as we carry out our work.

Yours faithfully

Mark Whittaker
Lead Project Manager
