

Traffic management on Hodgetts Lane. Burton Green

December 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the high-speed railway in your area.

The work we will be doing

BBV will be carrying out trial hole excavations in the existing verge of Hodgetts Lane, Burton Green. This is to identify existing utility services and carry out Ground Investigation (GI) surveys. GI is the examination and study of the soil, rocks and groundwater below the surface. A number of methods are used to obtain samples and to monitor and test them. For example, boreholes may be dug by hand around utility pipelines or by using a rig in more open areas.

When these works will take place

From **Monday 17 January 2022** until **Friday 21 January 2022**, there will be a single lane closure controlled by traffic lights on Hodgetts Lane. These lights will be operational from 8am until 6pm, our workforce maybe on site one hour before and one hour after to set up and secure our equipment.

Access to properties will be maintained during the works. There will be advanced warning signs placed in the area. These works are subject to weather conditions.

We will also keep you updated through www.hs2inwarwickshire.co.uk.
Please see map overleaf.

HS2 during the Coronavirus pandemic

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue, as long as it complies with this guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
www.gov.uk/government/collections/hs2-ltd-residents-commissioner
You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
complaints@hs2-cc.org.uk

Property and compensation
