# Extended closure of Welsh Road, Offchurch

December 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

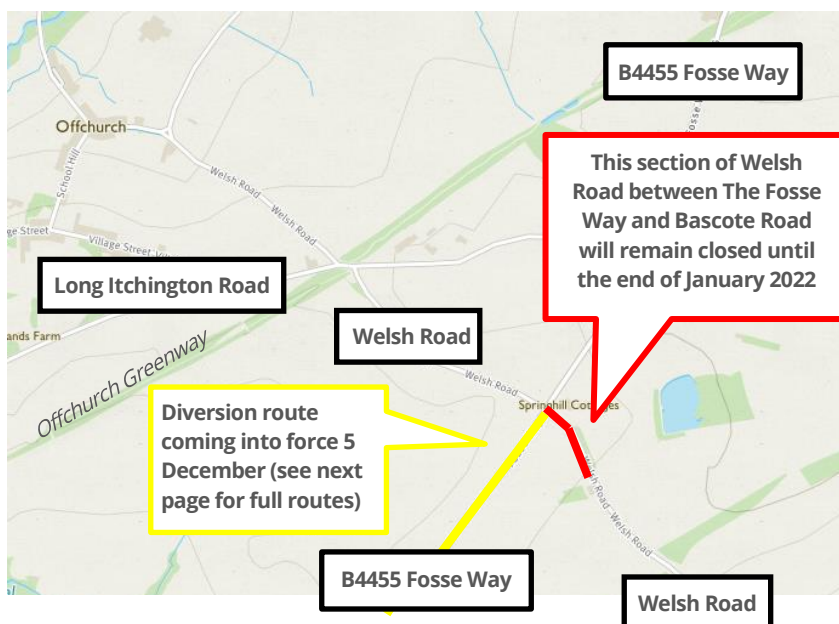

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are underway in your area, carried out by LM – a joint venture between Laing O'Rourke and J. Murphy & Sons.

## Fosse Way highway works continue on Welsh Road

LM will need to extend the closure of Welsh Road, between the Fosse Way and Bascote Road until the end of January 2022 (please see map below). A national shortage in supplies of some materials has caused a delay and the team will be working hard to complete all other works including drainage, utilities, road realignments and tie in works to get the new roundabout at The Fosse Way/Welsh Road junction open.

The Offchurch Greenway car park on Welsh Road has already been re-opened and the new realigned section of the Fosse Way and new roundabout is scheduled to open on the morning of Sunday 5 December 2021. The section of Welsh Road between the Fosse Way and Long Itchington Road, Offchurch will re-open before 19 December 2021.

This timeframe is subject to consents so please do check on the road signs – any changes will be published on: [www.hs2.org.uk/works-affecting-highways-in-south-warwickshire/](http://www.hs2.org.uk/works-affecting-highways-in-south-warwickshire/). We apologise for any inconvenience caused.

BBV will also be at work along the A425 at Dallas Burston and will be erecting temporary traffic lights with a lane closure from 10 – 28 January 2022. Please go to **one.network** for live traffic information to help you plan your journeys and go to **hs2inwarwickshire.co.uk** for more information about HS2 works in your area.

### HS2 and the COVID-19 outbreak

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue as long as it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

## About our Community and Business Funds

HS2 offers two funds that are available to local communities and businesses in Birmingham and the West Midlands, to help with any disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
