Notice of Utility Works on the A452, Chester Road, Solihull

December 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain

What are we doing

In January, Western Power Distribution (WPD) and Balfour Beatty Vinci (BBV) will be working on behalf of HS2 on the A452 Chester Road. The proposed work is to undertake cable diversions in the vicinity of the HS2 Interchange Station site. This work includes the excavation of material in a segregated works area, duct installation and reinstatement. Any changes to footpaths or vehicle routes will be signposted in line with agreed traffic management requirements and advanced signage will be in place.

When will these works take place.

To carry out this work safely, we will instigate overnight road closures on a section of the A452 Chester Road as shown on the map on the next page from **8pm to 6am from Monday 10 of January until Wednesday 19 of January.**

A signed diversion route will be in place.

HS2 during the coronavirus pandemic

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with coronavirus. The Government's current strategy makes clear that construction activity can continue if it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email HS2enquiries@hs2.org.uk
