

## Notice of road closure updates, Chetwode

January 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. We are following Government and Public Health England (PHE) advice on working safely during the pandemic. As we increase face to face engagement, in addition to virtual engagement, we will ensure all events and meetings adhere to the guidelines. The health and safety of our workforce and the communities we work within is our priority. If you have any questions about this, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at [www.hs2inbucksandox.co.uk](http://www.hs2inbucksandox.co.uk).

### What are we doing?

As part of our continued preparatory works, we will need to continue our full closure of a section of Preston Bissett Road.

This extension is to allow BT to carry out utilities work. They will be removing a BT utilities mast and moving these connections underground. BT have advised us that there may be disruption to local services while these works take place.

In mid-February, this section of Preston Bissett Road as well as a section of Main Street will be closed for approximately two days for asphaltting works. To reduce disruption as much as possible for local road users, these works will be carried out on separate days.

As our works require large plant and machinery, we are required to fully close these sections of road, 24 hours a day, until they are complete. This is for the safety of road users and our staff.

### When will these works take place?

A section of Preston Bissett Road will be fully closed, 24 hours a day, from Monday 17 January to Friday 4 February, with a local diversion in place. We will work to reopen the roads as soon as possible.

A section of Preston Bissett Road will also be fully closed for asphaltting works, 24 hours a day, Thursday 17 February and Friday 18 February, with a local diversion in place.

A section of Main Street will be fully closed for asphaltting works, 24 hours a day, Monday 21 February and Tuesday 22 February, with a local diversion in place.
