

Notice of ongoing SCSJV site works in spring 2022

January 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19.

The information included below outlines ongoing works at the SCSJV sites in Old Oak and Park Royal during in 2022. The dates and site activities mentioned in this notification may change - we will provide further updates about our works at HS2inOldOak.co.uk

Speak with our local engagement team

As part of our gradual return to face-to-face engagement, our local engagement team are planning to run community pop-ups in the Old Oak area during February and March 2022. We'll provide more information about these shortly.

Our local engagement team observing social distancing and may choose to wear facemasks during this outdoors engagement. We kindly ask that you do not attend the pop-ups if you have tested positive or have COVID-19 symptoms.

Please note, these dates may be postponed at the last minute as we keep the ongoing COVID-19 situation under review.

Speak with our local engagement team virtually

If you have any concerns about speaking with our local engagement team in person, we are happy to arrange a time to speak with you virtually. Please contact the HS2 Helpdesk via the contact details below to arrange this.

Our local engagement team is also available at virtual 1:1s for local residents on the fourth Wednesday of each month between 3pm and 6pm. Visit www.hs2.org.uk/events/ to register for a 20-minute 1:1 with our local engagement team.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Duration of works

Ongoing site works planned in spring 2022

Our core working hours will be from 8am to 6pm, Mondays to Fridays and 8am to 1pm Saturdays if needed

Extended working hours at Victoria Road Crossover Box site - Monday 7am to Saturday 6pm until March 2022 (on specific works)

Overnight train movements are continuing at Willesden Euroterminal

What to expect

Various construction activities on site in preparation to build future structures

We will continue to monitor our working methods to keep disruption to a minimum

What we will do

Provide updates about our works at www.hs2inoldoak.co.uk

Notice of ongoing SCSJV site works in spring 2022

Notification

www.hs2.org.uk

What to expect during these works

During the works outlined in this update you may notice one or a few of the following in our sites:

- Heavy goods vehicles
- Excavators
- Cranes
- Lighting towers
- Concreting equipment

Temporary traffic management may be required on roads in your local area during some of our works. We will always write to you in advance of any changes to the road network.

Reducing disruption to you

We are continuing to monitor noise, dust and vibration in line with the HS2 Code of Construction Practice. Other measures in place to reduce disruption to our neighbours include:

- Additional attending monitoring
- Operation of wheel washes to clean vehicle wheels as they depart site
- Dust suppression sprays on works and site roads including water bowsers during hot and dry weather
- Use of noise reducing blankets where possible
- Covering of material, deliveries or loads entering and leaving sites
- Monitoring of working methods to ensure minimal disruption is caused

Street cleaning in your local area

We are working together with HS2's other contractors in your local area to carry out regular street sweeping. SCSJV is currently street sweeping Victoria Road at least once a day. We are monitoring this regularly and carrying out additional sweeper runs when required. Street sweeping also underway in our sites, along Atlas Road and along Channel Gate Road.

Our team are also carrying out manual street sweeps of the footways along Victoria Road and Channel Gate Road – you may have seen our operatives out and about doing this.

As mentioned above, all loads are covered before leaving our sites. If you witness a construction vehicle leaving any of our sites without a cover in place, please contact the Helpdesk and provide the date / time and registration details of the vehicle. This will be investigated with our Logistics team.

Ongoing works at the Victoria Road Crossover Box and Flat Iron sites

Works are continuing in the Crossover Box site to build a ventilation shaft and prepare for future construction of the crossover box below ground. We are also continuing to operate the vehicle holding area (VHA) in the Flat Iron site.

Ongoing works during spring 2022 will include:

- Shaft construction - base slab and secondary lining including concrete pours*
- Construction of the diaphragm wall (supportive ground wall)*
- Construction of hardstanding (concrete areas) for future works
- Site lighting, utility connections, and maintenance works
- Installation of the conveyor system

Ongoing works – Crossover Box and Flat Iron sites

Ongoing works at Atlas Road site

Works are continuing to prepare the Atlas Road site for future works to build the logistics tunnel, the conveyor system and storage of the tunnel segments. Ongoing works during spring 2022 will include:

- Works to install the conveyor structure and
- Works to build working platforms and storage areas including excavations, backfills and concrete pours / curing.
- Installation of gantry crane foundations
- Ongoing installation of site roads and site utilities connections
- Ongoing construction of the launch ramp and box for the Atlas Road Logistics Tunnel including excavations, pre-fabricated steel installation, reinforced concrete works and drainage
- Construction of foundations and steel frames for future tunnelling boring machine works

We are planning to hold a community information event about future works to build the logistics tunnel and will let you know when the date for this event when it is confirmed.

Ongoing works at Willesden Euroterminal site

Rail terminal operations are continuing at the Willesden Euroterminal site to remove excavated materials from the local area by rail. We are also receiving excavated materials by road from other HS2 sites in the local area. Ongoing works during spring 2022 will include:

- Receipt of excavated materials by road and removal by rail (up to one train per day)
- Works to replace site hoardings along Stephenson Street planned from mid-February
- Works to build storage areas for future tunnel segments and conveyor system foundations
- Works to construct gantry crane foundations including excavations and reinforced concrete

We are expecting to increase to up to two train movements per day from spring 2022 - we will provide updates to the local community in advance of this.

Notification

www.hs2.org.uk

Installation of conveyor system – all sites

Works are continuing to install the conveyor system in our Flat Iron, Atlas Road and Willesden Euroterminal sites.

These works include construction of the conveyor foundations and towers and installation of the conveyor structure. Testing and commissioning of the conveyor system in the SCSJV sites is planned from April 2022*. We'll let you know about this in advance.

Upcoming road closure on Victoria Road for conveyor crossing installation

We are planning to install the final two conveyor crossings over Victoria Road on the weekend of 26 and 27 March 2022* (with a contingency date of 28 March). To minimise disruption to the road network, these works will take place overnight. A road closure is planned to be in place overnight on 26 and 27 March from 10pm and 6am the following morning. A vehicle diversion route will be clearly signed.

The date for these works may change. We will write to local community with more information about these works nearer the time as some of the details remain subject to confirmation.

Online update meeting about the conveyor system

SCSJV and BBVS will be holding an online update event about the conveyor system on **Thursday 3 February from 6:30-7:30pm**. Should you wish to attend, please register at www.hs2.org.uk/events/

You can view FAQs about the conveyor at www.hs2inoldoak.co.uk

Ongoing utility surveys

We are continuing to carry out utility surveys in various locations along the HS2 tunnel route, including some locations in and around the Old Oak and Park Royal area. We will write to you in advance of any utility surveys that might impact you. You can view the latest updates about current and upcoming utility surveys www.hs2.org.uk/in-your-area/map.

From spring 2022, we are planning to carry out utility diversion works on Chase Road and Park Royal Road in 2022. The dates for these works remain subject to the ongoing utilities design. We are also coordinating these works with HS2 other contractors (CSJV and BBVS) to minimise disruption to you and the road network as much as possible. We will provide more information in advance of these works.

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
complaints@hs2-cc.org.uk

Property and compensation

You can find out all about HS2 and properties along the line of route by visiting:
www.gov.uk/government/collections/hs2-property
Find out if you're eligible for compensation at:
www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint by contacting our HS2 Helpdesk team. For more details on our complaints process, please visit our website:
www.hs2.org.uk/how-to-complain
