

Notice of temporary traffic management, A421, Fimmere

January 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are following Government and Public Health England (PHE) advice on working safely during the pandemic. As we increase face to face engagement, in addition to virtual engagement, we will ensure all events and meetings adhere to the guidelines. The health and safety of our workforce and the communities we work within is our priority. If you have any questions about this, please contact our Helpdesk to find out more. All sites will remain under constant review. You can sign up for regular updates in your local area at www.hs2inbucksandox.co.uk.

What are we doing?

As the project progresses, it is necessary to remove vegetation to enable future works to continue and to allow access to areas of the site. We will be completing remaining vegetation clearance works along the A421, near Fimmere.

A lane closure and temporary traffic management, in the form of two-way traffic lights, will be introduced. To reduce disruption, this traffic management will be overnight only, between 7.00pm and 6.00am

In order to carry out our works, it may be necessary that traffic is delayed for no more than 15 minutes at any one time. This will allow us to keep road users as well as our work force safe for the duration of these works, as we will be working directly on the carriageway. If these are required, we will ensure there is at least one hour between such delays.

Prior to any vegetation removal, an ecologist will complete a detailed survey of the area to be cleared. Any protected species found to be present will be recorded and the vegetation will be left undisturbed with the appropriate buffer zone established. Vegetation clearance will only commence once further surveys and mitigation can be established to confirm that the protected species are no longer present.

When will these works take place?

The A421 will have a lane closure and temporary traffic management from 7.00pm to 6.00am, Monday 17 January to Friday 11 February. We will work to open the roads to reduce disruption as soon as possible.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
