

# Notice of GPR Surveys - Arley Road

January 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty Vinci is working in partnership with HS2 Ltd to build the new railway in your area.

## Upcoming Ground Penetrating Radar Surveys

We will be carrying out Ground Penetrating Radar (GPR) surveys along a section of Arley Road on Monday 14 February. Dates are subject to the progress of the surveys programme.

GPR surveys are non-intrusive, they are completed using a machine which transmits an electromagnetic pulse into the ground. These pulses reflect off features in the ground, allowing us to identify the location and depth of buried utility services.

## Lane closures

To be able to carry out these inspections safely and effectively, we will need to put in place the following traffic management a lane closure with temporary lights on a section of Arley Road on Monday 14 February. These will be in place from 9.30am to 3.30pm

Access to properties and businesses will be maintained at all times.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
