

Notice of temporary traffic management Kingsbury Road

February 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI is working in partnership with HS2 Ltd to build the new high speed railway in your area.

The work we will be doing

We will be constructing a new roundabout, on the A4097 Kingsbury Road, to provide a safe access and egress to the Kingsbury Main Compound. While we construct the new roundabout, we will also complete works to protect a fuel pipe at this location. To complete these works safely we will install a lane closure with temporary traffic lights on the A4097 Kingsbury Road.

When these works will take place

These works will take place from Sunday 20 February until late 2022. To enable us to install the safety barriers and traffic management for the lane closure, we will have an overnight closure of the A4097 Kingsbury Road on Sunday 20 February and Monday 21 February between 7pm – 6am. Please follow the diversion route that will be in place (see map on page two).

Following this overnight closure, a single lane will be in operation, at this location, until late 2022.

We apologise for any inconvenience these works may cause.

HS2 during the Coronavirus pandemic

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with coronavirus. The Government's current coronavirus strategy makes clear that construction activity can continue as long as it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
