Notice of temporary traffic measures around Stonebridge Island in early 2022

January 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are being carried out by a joint venture between Laing O'Rourke and J. Murphy & Sons, known as LM.

We're working around the Stonebridge Island area

As part of our preparation works for future construction of the HS2 railway route, we are undertaking roadside vegetation clearance. To safely carry out our works, we will install temporary traffic measures when necessary. We will be working on and around Stonebridge Island, including sections of the A452, A446 and A45.

We'll be working throughout January, February and March

Subject to obtaining the relevant consents, we will be carrying out the following temporary traffic measures in January, February, and March (see maps on page 2):

- Temporary road closure of Packington Lane and lane closures along sections of the A446 and A452 southbound, from 09:30am to 3:30pm each weekday, between **Monday 24 January to Friday 18 February**.
- Temporary lane closures along sections of the A452 and A45 near Stonebridge Island, from 09.30am to 3.30pm each weekday, between **Monday 21 February to Friday 4 March**.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses in Birmingham and the West Midlands, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: www.groundwork.org.uk/hs2funds
