## Notice of weekend road closure along short sections of the B4438 and A452 in January

January 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are being carried out by a joint venture between Laing O'Rourke and J. Murphy & Sons, known as LM. In your area, we are working near the A452, A45 and M42, which surround the site of the future HS2 Interchange Station.

### We're improving the local road network

We are remodelling and improving sections of the existing road network in the area and creating new routes on HS2 land. These road improvements will ensure that when the future station is operational, the local road network is fit for purpose. Upon completion, a new T-junction will replace Northway Island. A new 'longabout' is already in operation outside the Holiday Inn Express NEC, on the way to the National Exhibition Centre (NEC).

We started the creation of the new T-junction in April 2021. To enable us to continue to connect parts of the existing road network, to the new routes we have created, a series of weekend road closures will be installed in 2022 near Northway Island.

### We'll be installing a weekend road closure in January

To carry out this programme safely, we will install a temporary, weekend road closure around parts of Northway Island, and along short sections of the B4438 southbound and A452 northbound, from **8pm on Friday 28 January through to 5am on Monday 31 January** (see map on page 2). A signed diversion route will be in place for road users during the weekend road closure. If work progresses faster than expected, we will reopen all routes earlier if possible.

In November 2021, we informed you that the direction of travel for road users around Northway Island also permanently changed. Throughout 2022, depending on your direction of travel, you may be redirected from Northway Island, along a short section of the B4438, and back (see map on page 3). Direction of travel along the B4438, A452, A446 and Northway remain unaffected, and you will still be able to access all routes in the area.
