Notice of utility works in central Birmingham

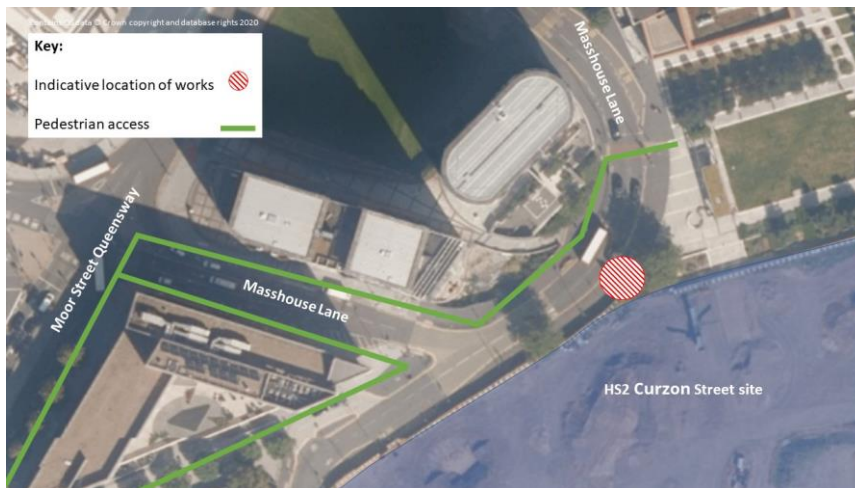

January 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are carried out by a joint venture between Laing O'Rourke and Murphy & Sons known as LM.

We will be carrying out utility works on Masshouse Lane.

As we continue working on utility diversions in preparation for the construction of HS2's Curzon Street Station and the railway, we'll be carrying out works on Masshouse Lane. To undertake the works we need to manage traffic in this area, this will include lane closures for vehicles and pedestrian management.

We will clearly sign the lane closures that are required to allow the work to be done safely. Pedestrian route between Moor St Queensway and Eastside Park will be diverted and will be clearly signed with no pedestrian access on the station/hoarding side of Masshouse Lane.
