

Notice of temporary road closure update, Brackley Road, Radstone

March 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are following Government and Public Health England (PHE) advice on working safely during the pandemic. As we increase face to face engagement, in addition to virtual engagement, we will ensure all events and meetings adhere to the guidelines. The health and safety of our workforce and the communities we work within is our priority. If you have any questions about this, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at www.hs2innorthants.co.uk.

What are we doing?

As part of our continued preparatory works for our internal haul and access roads we will close Brackley Road for approximately four weeks.

In order to avoid using local roads, during the main construction works, we will be using the internal haul and access roads for our construction traffic. As the project progresses, it is also necessary to remove vegetation to enable future works to continue and to allow access to areas of the site. We will create a strengthened surface using concrete to ensure that we protect the road and any utilities underneath it for the duration of our works. Once the crossing point is created, Brackley Road will then be open as normal, with gates in place to keep local traffic separated from construction traffic. All plant crossings, without exception, will be signal controlled.

As the preparatory works will require large plant and machinery as well as time to allow concrete to set, we are required to fully close these sections of road, 24 hours per day, until they are complete. This is for the safety of road users and our staff.

When will these works take place?

A section of the Brackley Road will be fully closed, 24 hours a day, from Monday 14 February to Monday 14 March, with a diversion in place. We will work to open the roads to reduce disruption as soon as possible.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
