

Trial holes and radar surveys on Great Central Avenue, Station Approach and Long Drive

February 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are following Government and Public Health England (PHE) advice on working safely during the pandemic. As we increase face to face engagement, in addition to virtual engagement, we will ensure all events and meetings adhere to the guidelines. The health and safety of our workforce and the communities we work within is our priority. If you have any questions about this, please contact our Helpdesk to find out more.

You can sign up for regular updates in your local area at hs2inhillington.co.uk.

What we are doing

In preparation for the start of tunnelling later this year, we need to investigate how best to protect the local sewer and water pipework in the area. From 10 February to 8 March 2022, we will be carrying out ground investigation works on Great Central Avenue, Station Approach and Long Drive, in the areas shown on the maps overleaf and in phases as below. The investigations will involve the use of scanning equipment to identify utilities in the area. We will also dig trial holes to take measurements and ground samples.

Phase 1 10 - 11 February	Trial holes and ground penetrating radar on Great Central Avenue at the junction with Station Approach
Phase 2 14- 25 February	Trial hole investigations within the road on Station Approach/Long Drive
Phase 3 28 February - 4 March	Trial hole investigations within the footway on Long Drive
Phase 4 7 and 8 March	Ground penetrating radar surveys on Long Drive

How the surveys might affect you

Temporary traffic management and clear diversion route to access Great Central Avenue will be in place to ensure the trial holes and surveys can be carried out safely. We would like to apologise in advance for the disruption or inconvenience this may cause. Every effort is being taken to ensure that these works are carried out in the least impactful way. We will ensure that disruption is kept to a minimum.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
