

CCTV surveys on Eastcote Lane, Mandeville Road, Badminton Close and Belvue Road

February 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are following Government and Public Health England (PHE) advice on working safely during the pandemic. As we increase face to face engagement, in addition to virtual engagement, we will ensure all events and meetings adhere to the guidelines. The health and safety of our workforce and the communities we work within is our priority. If you have any questions about this, please contact our Helpdesk to find out more.

You can sign up for regular updates in your local area at hs2inhillington.co.uk.

What we are doing

In preparation for the start of tunnelling later this year, we will be carrying out a series of utility surveys on Eastcote Lane, Mandeville Road, Badminton Close and Belvue Road from the 21 February to 23 March 2022. These surveys will provide us with information on the condition of the existing utility services and help us to decide how best to protect them. Detail of dates and locations are shown on the maps overleaf.

We will investigate the condition of the sewer system using a CCTV camera mounted on a small robot. Should we find a blockage we may need to flush the system using a high-pressure water jet in order to carry out the investigation.

How the surveys might affect you

Temporary traffic management, lane closures and parking bay suspensions will be in place for the duration and dates shown on the maps overleaf. We will reinstate after each investigation has been completed.

Carr Road and Mandeville Road junction closed overnight only on 23 and 24 February.

Parking bay suspensions will be in place to support traffic management. Your utility services will not be affected.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at www.gov.uk/government/collections/hs2-ltd-residents-commissioner

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: residentscommissioner@hs2.org.uk

Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: complaints@hs2-cc.org.uk

Property and compensation
