What we are doing

From 6 to 22 February 2023 weekdays and on the weekend of 18 and 19 February 2023, we will be carrying out trial holes and gas CCTV, and GPR surveys on Oldfield Lane North and Rockware Avenue in the areas shown on the maps overleaf.

These surveys will provide us with information on the condition of the existing utility services and help us to decide how best to protect them.

The investigations will involve the use of scanning equipment to identify utilities in the area. We will be digging trial holes, undertaking ground penetrating radar (GPR) surveys, and investigating the condition of the gas main on Oldfield Lane North.

Your utility services will not be affected.

We will set up a site compound at the junction of Uneeda Drive with Oldfield Lane North on Monday 6 February from 8am to 6pm. Due to the location of our site welfare, we will close the road at Uneeda Drive on the junction off Oldfield Lane North for the duration of the works.

There will be a clearly signed diversion route via Greenford Road, Ingham Drive and Oldfield Lane North.

How the surveys might affect you

Temporary traffic management, parking bay suspensions and a lane closure will be in place to ensure the surveys can be carried out safely. Oldfield Lane North and Rockware Avenue will remain open to two-way traffic. Bus stop JJ and KK will be suspended on Rockware Avenue and Oldfield Lane North during this works.

We would like to apologise in advance for the disruption or inconvenience this may cause. Every effort is being taken to ensure that these works are carried out in the least impactful way. We will ensure that disruption is kept to a minimum.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at www.gov.uk/government/collections/hs2-ltd-residents-commissioner

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: residentscommissioner@hs2.org.uk

Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: complaints@hs2-cc.org.uk

Property and compensation
