Victoria Road: Next Phase of Tunnel Boring Machine Power Supply - Update

High Speed Two (HS2) is the new high speed railway for Britain. We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within the guidelines are operational. All sites will remain under constant review.

Tunnel Boring Machine power supply works

In January of this year, we wrote to you outlining our phased programme of works for the tunnel boring machine power supply along Victoria Road. The power supply works which started at Atlas Road roundabout junction with Victoria Road and progressed southbound along Victoria Road will now resume its final phases ahead of its completion date of Spring 2022

Victoria Road End of February to the end March 2022

CSJV will continue with the power supply works along Victoria Road in the southbound carriageway. These works will be carried out from the 2 February for a period of twelve weeks. During this period, excavation, duct laying and reinstatement of the carriageway will be taking place. The works will be conducted in four phases, as shown below in the traffic management diagrams. Two-way traffic lights will be in place to maintain traffic flow along Victoria Road. The initial digging of the road will be the noisiest activity, although this will be intermittent and not continuous. We will put up screening clad with acoustic panels to reduce noise. During these works, bus stops will be suspended northbound and southbound as shown above in the traffic management plans. Where possible we will relocate suspended bus stops to a new temporary location close by, however it is not always possible due to the distance between stops and other highway restrictions. Extended hours from 6pm until 10pm will be in place throughout these works, this is to significantly reduce the duration of traffic management on the road.

We might use a vacuum excavator, which is a safer and faster way of working within road space that is heavily congested as it sucks up material to expose buried utility services without risk of damaging the cables or pipework below. We apologise in advance for inconvenience this might cause.

Utility supplies and other services will not be affected by these works.

Notification

Duration of works:

February – 30 April 2022

Working hours:

Mon to Fri 8am–6pm

Mon to Fri 6pm–10pm

Sat 8am–1pm

We may be onsite for one hour either side of the hours above for start-up and shutdown

What to expect

Northbound Lane closure on Wales Farm Road – Diversion via below route

Bus stops and cycle lane suspensions

Intermittent noise whilst the road surface is broken

The sites will be secured with barriers and noise reduction panels

What we will do

Inform you of any changes to the dates; to sign up for news alerts for updates please visit www.hs2inoldoak.co.uk

Call our HS2 Helpdesk team on **08081 434 434**

Next Phase of Tunnel Boring Machine Power Supply

Notification

Location of works:

Late Feb 22 – Late March 22

Contact our HS2 Helpdesk team on **08081 434 434**

Diversion for Wales Farm Road Northbound Lane Closure:

Please be aware the dates of works are indicative and may change as the works progress. We will continue to notify you of further works in the area in advance.

Virtual drop-in events in 2022

If you have any questions about these works, please join us during our next virtual drop-in. Further information on how to register will be sent to residents closer to the time. More information can be found at www.hs2inoldoak.co.uk.

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
complaints@hs2-cc.org.uk

Property and compensation

You can find out all about HS2 and properties along the line of route by visiting:
www.gov.uk/government/collections/hs2-property
Find out if you're eligible for compensation at:
www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint by contacting our HS2 Helpdesk team. For more details on our complaints process, please visit our website:
www.hs2.org.uk/how-to-complain

Contact Us

Contact our HS2 Helpdesk team all day, every day of the year on:
