

# Notification of upcoming road closure Coventry Road, Cubbington

February 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the high-speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

## The work we will be doing

We will be creating a plant crossing on Coventry Road, Cubbington for our haul road. Haul roads are temporary roads provided within a working area to allow for the movement of construction materials, construction machinery and/or construction staff around the site. Haul roads are Balfour Beatty Vinci's preferred logistical transport link, as they reduce the number of vehicle movements interfering with the existing local road network and provide the greatest possible control over works activity.

This crossing will allow us to safely move our construction plant across the road as we undertake various earthworks in the area.

In order for us to create the plant crossing safely it is necessary for us to close Coventry Road, Cubbington. A fully signed diversion will be in place during this closure and access to all properties will be maintained during these works.

## When these works will take place

The closure will take place from Monday 7 March to Friday 1 April, the road will be closed **Monday to Friday** between the hours of **9.30am to 3.30pm**, with temporary traffic lights in operation outside of these times. Our workforce may be on site for one hour before and one hour after to set up and secure our equipment.

**NB. These works were due to be completed on Saturday 26 March but due to Circumstances beyond our control these works have been extended to Friday 1 April.**

**If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email [HS2enquiries@hs2.org.uk](mailto:HS2enquiries@hs2.org.uk)**

## Location of the works

## HS2 during the Coronavirus pandemic

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with coronavirus. The Government's current coronavirus strategy makes clear that construction activity can continue as long as it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
