Notice of weekend road closure along short sections of the B4438 and A452 in February

February 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are being carried out by a joint venture between Laing O'Rourke and J. Murphy & Sons, known as LM. In your area, we are working near the A452, A45 and M42, which surround the site of the future HS2 Interchange Station.

We're improving the local road network

We are remodelling and improving sections of the existing road network in the area and creating new routes on HS2 land. These road improvements will ensure that when the future station is operational, the local road network is fit for purpose. Upon completion, a new T-junction will replace Northway Island. A new 'longabout' is already in operation outside the Holiday Inn Express NEC, on the way to the National Exhibition Centre (NEC).

We started the creation of the new T-junction in April 2021. To enable us to continue to connect parts of the existing road network, to the new routes we have created, a series of weekend road closures will be installed in 2022 on and around Northway Island.

We'll be installing a weekend road closure in February

We will install a temporary, weekend road closure around parts of Northway Island, and along short sections of the B4438 northbound and A452 northbound and southbound, from **8pm on Friday 18 February through to 5am on Monday 21 February** (see map on page 2).

A signed diversion route will be in place for road users during the weekend road closure. If work progresses faster than expected, we will reopen all routes earlier if possible.

Until summer 2022, on occasion, we'll also install temporary, off-peak single lane closures around the longabout, on the way to the NEC, and along short sections of the B4438 and Northway (see map on page 3).

Location of possible temporary, off-peak single lane closures

The map below outlines the location of possible temporary, off-peak single lane closures around the longabout, on the way to the NEC, and along short sections of the B4438 and Northway until summer 2022. These traffic measures will be installed as and when required depending on the progress of our programme. The use of these traffic measures will be kept to a minimum to avoid overburdening the road network.
