

Notice of traffic management: Stareton Lane, Stoneleigh

February 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high speed railway in your area.

The work we will be doing

We will be creating a controlled crossing on Stareton Lane. The crossing will allow us to safely move our construction plant across the road as we undertake various earthworks in the area. We will be excavating the ground to create the foundations for the structures. We will also be moving excavated material around the site to create environmental bunds to screen our work as well as reusing the soil to create the embankments for the new railway.

On completion of the plant crossing, the lights will be set to green and will only turn to red when site vehicles require to cross the road. To further reduce disruption these lights will be manned during busier periods of the day. This will help to aid the flow of traffic and reduce disruption. These works are subject to weather conditions

To allow us to construct this controlled crossing on Stareton Lane we will be closing it from **28 February to 11 March 2022**. Please note that Stareton Lane will be closed on a 24 hour basis including weekends while these works are being carried out.

During the closure our hours of construction will be 8am to 6pm Monday to Friday and 8am to 1pm on Saturdays. **Access will be maintained to all properties on Stareton Lane while these works are being carried out.**

On completion of the controlled crossing, the lights will remain green and will only turn to red when site vehicles are required to cross the road. To further reduce disruption, these lights will be manned during busier periods of the day. Please note that these works are subject to weather conditions.

Notification

HS2 during the Coronavirus pandemic

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with coronavirus. The Government's current coronavirus strategy makes clear that construction activity can continue as long as it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
www.gov.uk/government/collections/hs2-ltd-residents-commissioner
You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
complaints@hs2-cc.org.uk

Property and compensation

You can find out all about HS2 and properties along the line of route by visiting:
