

Updated notice of utility works - Aston Church Road

July 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new railway in your area.

Ongoing utility diversion works at Aston Church Road

We previously told you that we need to carry out a utility diversion to Western Power Distribution's (WPD) high voltage (HV) cables on Aston Church Road to facilitate the construction of the Aston Church Road Overbridge foundations. Work began on 17 January 2022, and we now expect this work to be completed by Friday 12 August 2022.

We will need to keep the footpath closure on the southern footway in place until the work completes on 12 August. These will allow us to work safely.

What to expect

During this work you may hear low levels of construction noise and feel low levels of vibration as we break the concrete to access the cables. You may also see deliveries of materials and equipment.

We will monitor and control the levels of disruption during our construction and keep this to a minimum.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
