Station Approach night-time bridge inspection

March 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are following Government and Public Health England (PHE) advice on working safely during the pandemic. As we increase face to face engagement, in addition to virtual engagement, we will ensure all events and meetings adhere to the guidelines. The health and safety of our workforce and the communities we work within is our priority. If you have any questions about this, please contact our Helpdesk to find out more.

You can sign up for regular updates in your local area at hs2inhillington.co.uk.

What we are doing

Overnight on 6 and 7 April 2022, we will be carrying out inspections of the railway bridge. We will erect a tower scaffold within the work areas shown on the map so that we can carry out a visual inspection of the bridge.

How these surveys might affect you

Temporary traffic management and pedestrian crossings will be in place to ensure that we carry out the surveys safely.

We would like to apologise in advance for the disruption or inconvenience this may cause. Every effort is being taken to ensure that these works are carried out in the least impactful way. We will ensure that disruption is kept to a minimum.

Your utility services will not be affected.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
