Construction look ahead

Hillingdon

November 2020

This forward look covers HS2 associated work in the London Borough of Hillingdon.

The document includes:

- A detailed forward look of construction activities planned in the next three months and beyond if details are available
- Works that will take place in the next 12 months, but may not yet have been confirmed or have a detailed programme

The dates and information included in the forward look are subject to change as programme develops. These will be updated in the next edition of the forward look.

If you have any queries about the information in this forward look, you can contact the HS2 Community Helpline on **08081 434 434** or by emailing HS2enquiries@hs2.org.uk

Covid-19 (Coronavirus) Statement

The health, safety and wellbeing of the communities along the route of the new railway remains our absolute priority alongside that of our staff.

We are working closely with our construction partners to review the works on all our construction sites in line with Government and Public Health England (PHE) advice on dealing with Covid-19. The Government's current Covid-19 strategy makes clear that construction activity can continue as long as it complies with this guidance.

Since the beginning of the pandemic, our contractors have stipulated to all staff and sub-contractors the requirement to comply with Government and industry guidelines regarding the fight against the COVID-19 virus. Along the route, work at our sites is constantly under review, and where construction works cannot be delivered in accordance with the PHE and construction industry guidelines, sites have been temporarily closed to ensure the safety of our staff and the communities in which we are working, noting that some staff may be present to make the safety assessments and to ensure the sites remain safe and secure.

Where our construction partners are confident that they can operate in line with PHE and industry guidance, sites have continued to operate, and construction works are continuing to be undertaken. Every construction site across the line of route will remain under constant review and at any point would be paused should it not be able to comply with the PHE or industry guidance.

As you may know, we have also taken the decision to postpone our face-to-face engagement events and meetings during this period. We have been notifying local residents and are looking at alternative ways of engaging with communities over the coming weeks and months.

Our Community Commitments

Our aspiration is to be a good neighbour every single day, by respecting the people and communities we impact and being sensitive to their needs, earning our social licence to operate. In order to build the railway, we must earn the trust and credibility to do so. We need to demonstrate that we understand local concerns, and that we have taken all reasonable steps to address issues that have been raised, whilst continually looking to lessen the impacts of the project. Through our Community Engagement Strategy and Residents' Charter we have identified ten Community Commitments which we will use as the basis for measuring our success, and that of our suppliers, in how we deliver the new railway.

We will:

1. Continue to build respectful, long-term relationships with communities and actively encourage our workforce to listen to local concerns and be considerate and accountable for their actions at all times.
2. Work with communities to develop local two-way engagement and communication programmes, ensuring they are accessible and tailored to local needs.
3. Make sure communities are made aware in advance of any activities taking place in their area.
4. Operate a Freephone Community Helpline 24 hours a day, 365 days a year.
5. Make health and safety a priority for communities and our workforce.
6. Respect the wellbeing of communities, minimising disruption to their lives with local mitigation plans and activities, ensuring we meet the standards set out in the Code of Construction Practice.
7. Leave a positive and sustainable legacy for the communities in which we operate.
8. Respond to questions and complaints quickly and efficiently, with an acknowledgement within two working days, and responding within a maximum of 20 working days if we cannot answer the query straight away.
9. Promote awareness of all our property schemes so that anyone who may be eligible has all the information they need and is aware of the support available to them.
10. Display the Residents' Commissioner and Construction Commissioner's contact details on all relevant materials, along with the HS2 Helpline information and complaints procedure.

The Code of Construction Practice forms part of the Secretary of State's Environmental Minimum Requirements for the construction of the railway from London to the West Midlands. It sets out the standards and responsibilities to protect communities and the environment during construction. A copy of the Code can be found online here:

Hillingdon

Three month look ahead

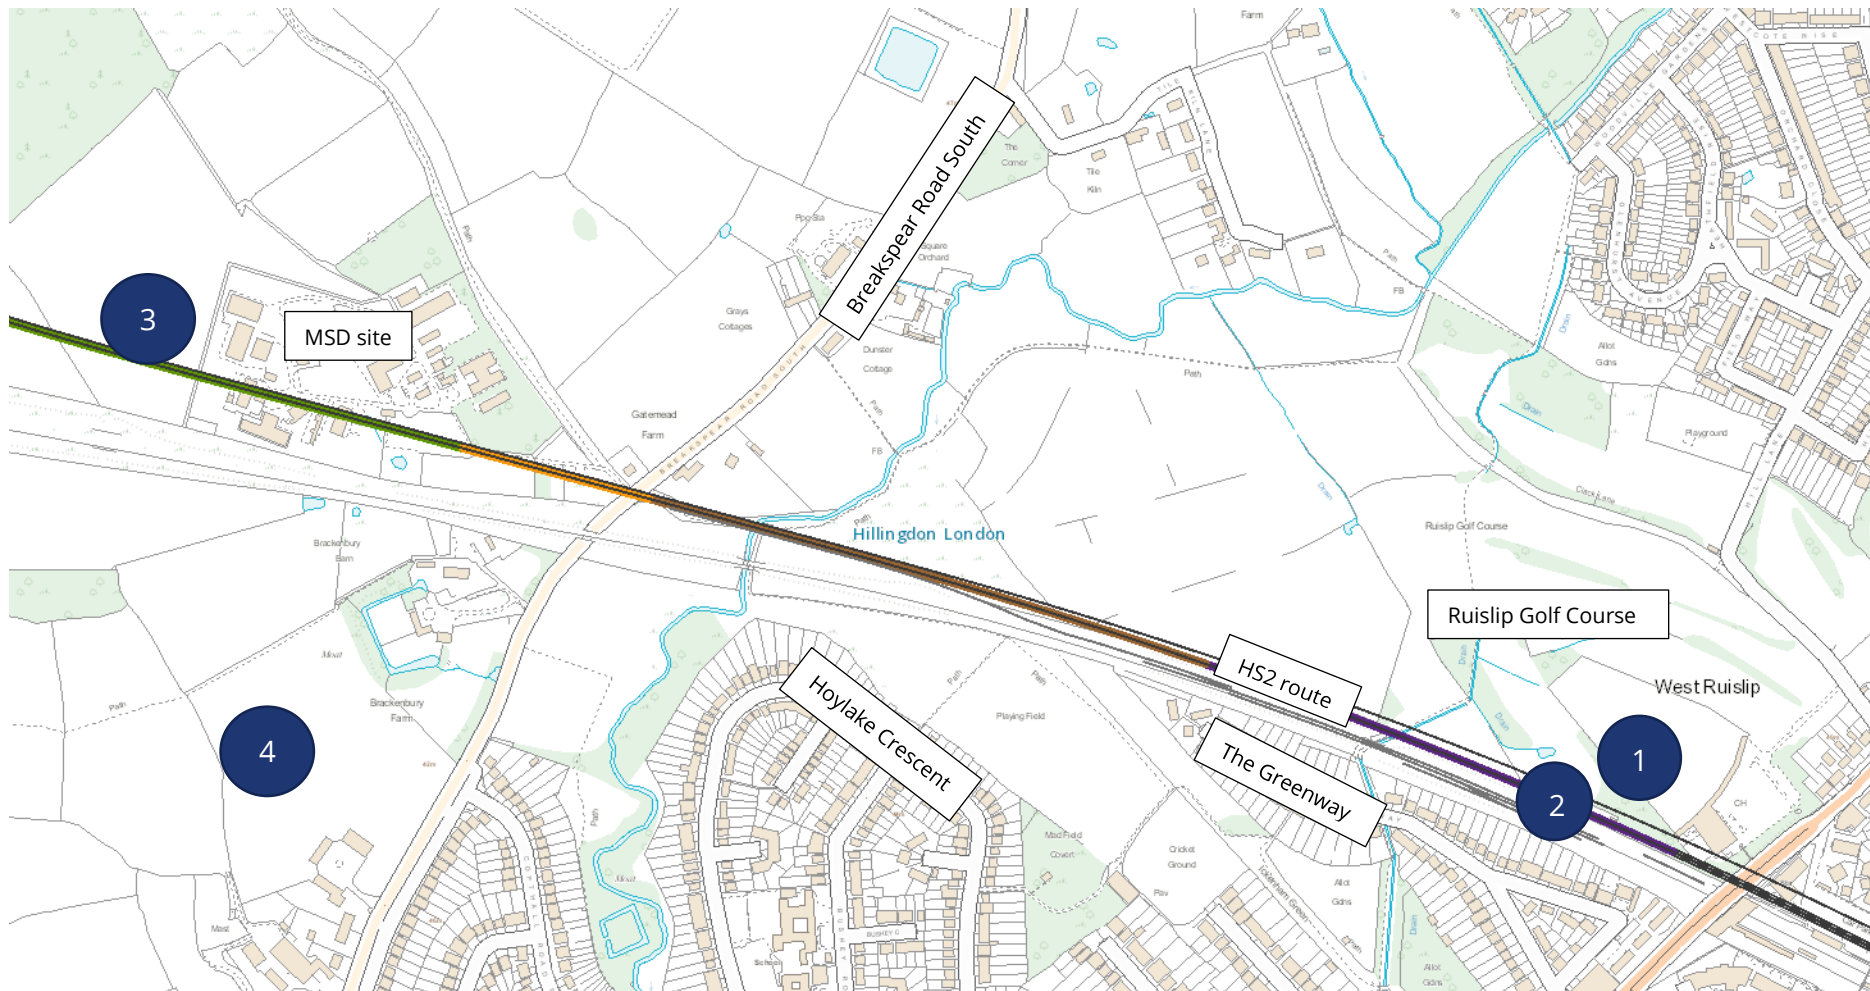

Location of works	Proposed duration	Description of works
Ruislip Golf Course, Ruislip (see map 1, location 1)	Ongoing through 2020	<ul style="list-style-type: none"> Continuing with site establishment, including delivery of materials, haul road construction and main compound office Q4 Piling, both Sheet and Borehole West Ruislip Portal to Breakspear Road South, new water connection that will supply water to Tunnel Boring Machine
Various locations between West Ruislip to Harrow (not numbered on maps)	Ongoing until 2021	<p>Tunnel boring machine power supply</p> <p>A cable power supply will be installed to power the tunnel boring machines (TBMs) that will run between Ruislip and Old Oak Common. Work to be undertaken by UK Power Networks. Works are currently focused on:</p> <ul style="list-style-type: none"> Rayners Lane, Whittington Way, St Michael's Crescent Manor Way and Westholme Gardens Myrtle Avenue and Lime Grove Hawthorne Avenue and Meadow Way Deane Croft Road and Rushdene Road <p>Once these main junctions are complete UK Power Networks will look to continue the work along the rest of the planned route. This work will not affect the electricity supply in the area.</p>
Various locations in the Ruislip & Ickenham areas (not numbered on map)	Ongoing to early 2021	Continuing with CCTV and ground penetration radar utility surveys in Ruislip, Ickenham and Bridgwater Rd (may include overnight working).

Location of works	Proposed duration	Description of works
Ruislip and Ickenham areas Various locations (not numbered on map)	Ongoing through 2020	Continuing with mobilisation and site setup at South Ruislip Vent Shaft, West Ruislip Retained Embankment and Copthall Cutting. Activities will include hoarding, site offices, utility installation (sewer connection), delivery of materials, surveys haul road construction, topsoil removal and storage, preparation of footpaths (U46 diversion).
Breakspear Road South to Harvil Road, Harefield (See map 1 & 2, locations 3 & 3a)	Ongoing through 2020 and beginning 2021	<ul style="list-style-type: none"> Continuing with site setup, tree and vegetation clearance and hoarding installation Piling and excavation work on Harvil Rd, Chiltern Line and River Pinn areas Construction of haul roads between Breakspear Road South and Harvil Road Preparations to close and divert footpath U46 via U43 and U42 Utility works, including installation of temporary watermain and cable diversion
Dews Lane (see map 2, location 11)	Ongoing until summer 2021	<p>New access road parallel with Dews Lane</p> <p>Rather than undertake a disruptive widening of the existing Dews Lane, a new permanent road will be built just to the south of the existing road. This will allow access for the construction of the internal haul road over the lakes and support the construction of the Colne Valley Viaduct. A works compound will be created on the site formerly occupied by Hillingdon Outdoor Activity Centre (HOAC).</p> <p>Construction of a bat habitat in the field adjacent to Dews Lane continues to February 2020. The new bat house will be constructed before the demolition of the properties in Dews Lane ready for the bat maternity season. This new bat house has been approved through consultation with Natural England and detailed within the European Protected Species Licence.</p>
Moorhall Road, around Broadwater Lake and along A412 (see map 3, location 12)	Ongoing until April 2021	<p>Colne Valley Viaduct, Ground and Lake surveys</p> <p>Ground investigation surveys around and over the lakes to determine ground conditions under the viaduct. This may include the limited removal of some trees and low-level vegetation.</p>

Location of works	Proposed duration	Description of works
Denham Country Park, near Buckinghamshire Golf Club (see map 2, location 13) and off map	Ongoing until winter 2021	<p>National Grid pylon diversion - None of this work will affect local electricity supplies</p> <p>Diversionary works in Denham Country Park. Section east of Buckinghamshire Golf Club, across the canal/ railway and back into the existing line near Harefield Waste and Recycling Centre on Harvil Road.</p> <p>Enabling works comprising of ecological investigations, surveys, fencing and vegetation clearance including some trees. The construction of a temporary haul road using trackway matting and a river bridge will provide access to new/old pylon locations. Two existing pylons will be removed west of the canal.</p>
Harvil Road (see maps 1 and 2, location 3)	Starting October 2020	<p>Copthall Tunnel</p> <ul style="list-style-type: none"> Excavation of the Western Portal of the Copthall Tunnel Ongoing site establishment and installation of perimeter fence line Installation of haul roads to facilitate the excavation of the Copthall Tunnel <p>Harvil Road diversion</p> <ul style="list-style-type: none"> Utility and topographical surveys in Harvil Road Start of the Harvil Road Diversion to the west of the existing Harvil Road
Harvil Road (see map 2, location 3a)	Starting October 2020	<p>Chiltern Line Bridge</p> <ul style="list-style-type: none"> Excavation for the bridge abutments Lane closures for the installation of sheet piles alongside Harvil Road Night works for the installation of sheet piles alongside the Chiltern Line
Harvil Road (see map 2, location 3 and 10)	Ongoing until mid-December 2020	<p>Cadent Gas pipeline diversion – None of this work will affect local utility supplies</p> <ul style="list-style-type: none"> The works to relocate the pipeline and routine testing are now complete. Reinstatement of areas either side of Harvil Road to replace topsoil and vegetation.

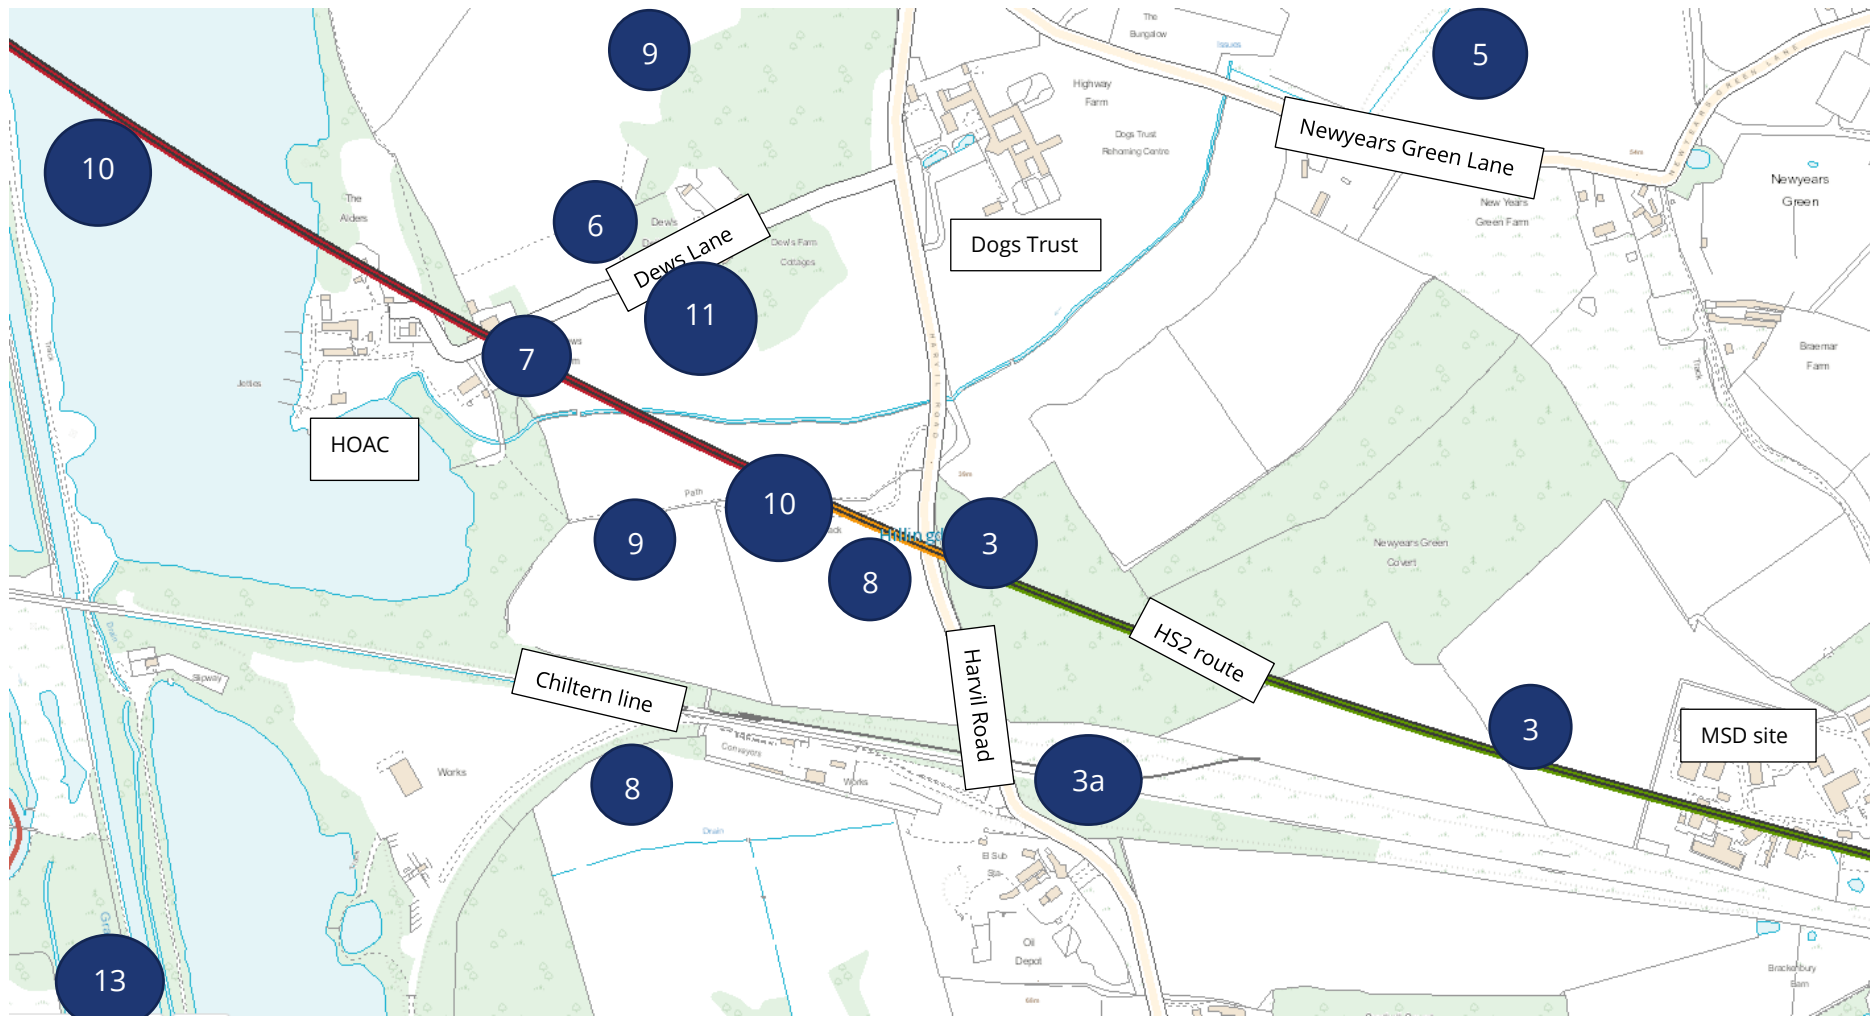

Note: all dates are indicative and are subject to change depending on consents, proper notifications and other mitigating factors
