

HS2

Hillingdon

March 2021

3-month construction look ahead

Hillingdon

March 2021

This forward look covers HS2 associated work in the London Borough of Hillingdon.

The document includes:

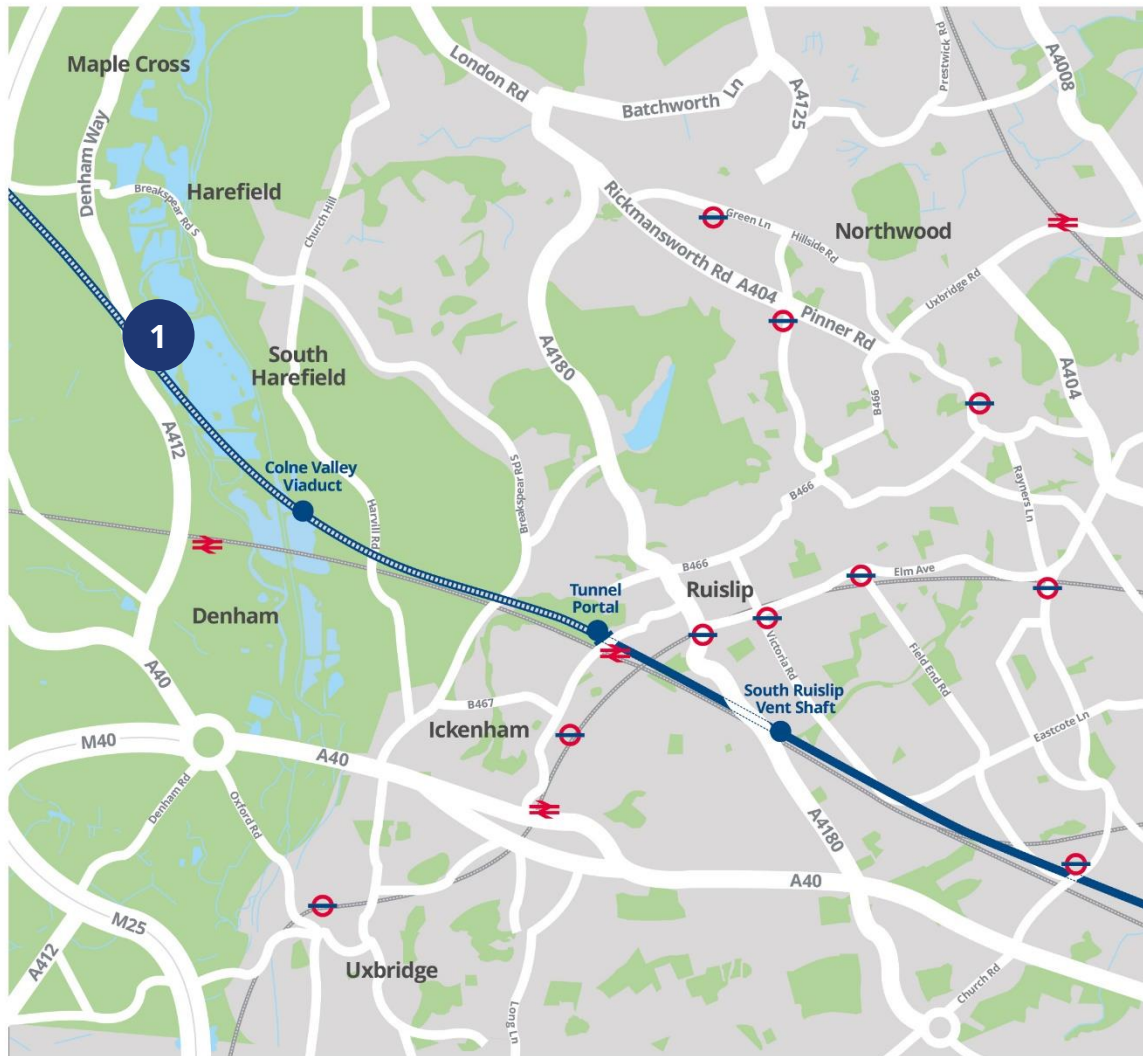

- A forward look of construction activities planned in the next three months
- Works to be aware of that will take place in the next 12 months, but may not yet have been confirmed

The dates and information included in the forward look are subject to change as programme develops. These will be updated in the next edition of the forward look.

If you have any queries about the information in this forward look, the HS2 Helpdesk is available all day, every day on **08081 434 434** or by emailing **HS2enquiries@hs2.org.uk**

Hillingdon

Map 1 – Hillingdon overview

Key

Parkland	Rail station	HS2 route Phase One overground
Water/river	Existing train line	HS2 route indication
Underground station	HS2 route Phase One underground	

Construction look ahead

Location of works	Proposed duration	Description of works
Location 1 A412 North Orbital Way	Ongoing until 2024	<p>Colne Valley Viaduct, A412 North Orbital Way</p> <p>A programme of rotary piling will start for the ground and lake piers in March 2021 on land adjacent to Denham Water Ski Club.</p> <p>Cranes and piling rigs will be used and concrete for the bored piles will be delivered using our internal haul road to reduce HGVs on local roads.</p> <p>For pier locations above the lakes, we need to create a jetty - a temporary bridge structure. To do this we will drive and vibrate piles into the ground and place decking on top to form a working platform. This enables rotary piles to be bored into the ground under the lake.</p> <p>These piling works will create noise and are likely to be noticeable in the local area.</p>
Multiple locations	Ongoing activity	<p>Continuing with water quality sampling from River Pinn, Newyears Green Bourne and The Greenway.</p> <p>Small samples of water are taken from streams in the area each month. This is done by staff on foot taking a jam-jar sized sample for analysis.</p>

Map 2 – Colne Valley lakes and Harvil Road

Key

Construction look ahead

Location of works	Proposed duration	Description of works
Location 1 Moorhall Road	Ongoing until April 2021	<ul style="list-style-type: none"> Continuing construction of site entrances and bell mouth road entrances; Two-way lights will be in place until the end of April 2021 and will be followed by the operation of permanent traffic lights to manage the haul road crossing with Moorhall Road.

Location 2 Colne Valley lakes	Ongoing until April 2021	Ground investigation survey works around and over the lakes to determine ground conditions under the viaduct.
Location 3 Dews Lane	Ongoing until summer 2021	Construction of a bat habitat in the field adjacent to Dews Lane is now complete. Ongoing work includes: <ul style="list-style-type: none"> • Construction of a permanent access road parallel to Dews Lane; and • Creation of a construction compound on the site formerly occupied by the Hillingdon Outdoor Activity Centre (HOAC).
Location 4 Harvil Road	Ongoing until March 2021	Construction of a junction on Harvil Road for our site access adjacent to Dews Lane. Three-way lights will continue to be in place until the end of March 2021 and will be followed by the operation of permanent traffic lights for the control of the junction.
Location 5 Denham Country Park to Harvil Road	Ongoing until the end of 2021	National Grid pylon diversion None of this work will affect local electricity supplies. Re-routeing and raising the height of a line of electricity pylons that the railway will pass under. To achieve safety clearance five pylons will be removed and a section of overhead line diverted onto six new, taller pylons. This spring will see increased levels of construction activity, including assembly and erection of the new pylons.
Locations 6 and 7 Harvil Road	Ongoing until Summer 2021	Cadent Gas pipeline diversion None of this work will affect local utility supplies. <ul style="list-style-type: none"> • Relocation of the pipeline and routine testing are now complete; • Reinstatement of areas either side of Harvil Road to replace topsoil and vegetation is ongoing.

	Water/river		Underground station		HS2 route Phase One underground
					HS2 route Phase One overground

Construction look ahead

Location of works	Proposed duration	Description of works
Location 1 South Ruislip vent shaft	Ongoing through 2020	Continuing with mobilisation and site setup at South Ruislip vent shaft. Activities will include hoarding, site offices, utility installation (sewer connection), delivery of materials, surveys, haul road construction, topsoil removal and storage, and preparation of footpaths (U46 diversion).
Ruislip and Ickenham areas Various locations	Ongoing to early 2021	Continuing with CCTV and ground penetration radar utility surveys in Ruislip, Ickenham and Bridgwater Rd (may include overnight working).

Our Community Commitments

Our aspiration is to be a good neighbour every single day, by respecting the people and communities we impact and being sensitive to their needs, earning our social licence to operate.

In order to build the railway, we must earn the trust and credibility to do so. We need to demonstrate that we understand local concerns, and that we have taken all reasonable steps to address issues that have been raised, whilst continually looking to lessen the impacts of the project.

Through our Community Engagement Strategy and Residents' Charter we have identified ten Community Commitments which we will use as the basis for measuring our success, and that of our suppliers, in how we deliver the new railway.

We will:

1. Continue to build respectful, long-term relationships with communities and actively encourage our workforce to listen to local concerns and be considerate and accountable for their actions at all times.
2. Work with communities to develop local two-way engagement and communication programmes, ensuring they are accessible and tailored to local needs.
3. Make sure communities are made aware in advance of any activities taking place in their area.
4. Operate a Freephone Community Helpline 24 hours a day, 365 days a year.
5. Make health and safety a priority for communities and our workforce.
6. Respect the wellbeing of communities, minimising disruption to their lives with local mitigation plans and activities, ensuring we meet the standards set out in the Code of Construction Practice.
7. Leave a positive and sustainable legacy for the communities in which we operate.
8. Respond to questions and complaints quickly and efficiently, with an acknowledgement within two working days, and responding within a maximum of 20 working days if we cannot answer the query straight away.
9. Promote awareness of all our property schemes so that anyone who may be eligible has all the information they need and is aware of the support available to them.
10. Display the Residents' Commissioner and Construction Commissioner's contact details on all relevant materials, along with the HS2 Helpline information and complaints procedure.

The Code of Construction Practice forms part of the Secretary of State's Environmental Minimum Requirements for the construction of the railway from London to the West Midlands. It sets out the standards and responsibilities to protect communities and the environment during construction. A copy of the Code can be found online here:

www.gov.uk/government/uploads/system/uploads/attachment_data/file/593592/Code_of_Construction_Practice.pdf

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.

www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:

<https://www.gov.uk/government/collections/hs2-ltd-residents-commissioner>

You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:

complaints@hs2-cc.org.uk

Property and compensation

You can find out all about HS2 and properties along the line of route by visiting:

www.gov.uk/government/collections/hs2-property

Find out if you're eligible for compensation at:

www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint by contacting our HS2 Helpdesk team. For more details on our complaints process, please visit our website:

www.hs2.org.uk/how-to-complain

Contact Us

Contact our HS2 Helpdesk team all day, every day of the year on:
