

Notification of works to the east of A446 Lichfield Road, Coleshill

March 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high speed railway in your area.

The work we will be doing

BBV will look to begin works to the east of the A446, to the north of Gorsey Lane. The works set to be complete will be to create a site access into land to the east of the A446, which will be used as our construction access for works in that area.

In order to complete these works, we will need to access and exit site via Gorsey Lane from the A446 and turn left into our working area. We have a maximum of 12 HGV movements in and out of our working area.

(Construction route shown in map below).

We will only access Gorsey Lane via the A446 and we will have a road sweeper who will manage the cleanliness of the roads.

Our working hours will be 8am – 6pm Monday to Friday and 8am – 1pm on Saturdays.

HS2 during the COVID-19 pandemic

We are continually reviewing the works on our construction sites in line with the Government and Public Health England (PHE) advice on dealing with coronavirus. The Government's current coronavirus strategy makes clear that construction activity can continue as long as it complies with this guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
