

## UPDATE - Notice of temporary traffic lights – Meriden Road, Hampton-in-Arden.

September 2022

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

### Update.

We previously contacted you to advise that we will be installing temporary traffic lights on Meriden Road while we make improvements to the road surface by installing what is known as a 'plant crossing'. Plant crossings allow our heavy machinery to cross the road without causing damage to the highway.

For the safe operation of the plant crossing, the speed limit is being reduced from 50 miles per hour down to 30 miles per hour. These restrictions will be in place from 22 September 2022 for an initial period of 18 months. The speed limit will be in force all day everyday during that period

We will also keep you updated through [www.hs2insolihull.co.uk](http://www.hs2insolihull.co.uk). **Please see map overleaf.**

### COVID-19

We are continually reviewing the works on our construction sites in line with the Government and Public Health England (PHE) advice on dealing with coronavirus. The Government's current coronavirus strategy makes clear that construction activity can continue as long as it complies with this guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
