

# Notice of utility surveys in your local area

March 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

We are following Government and Public Health England (PHE) advice on working safely during the pandemic. As we increase face to face engagement, in addition to virtual engagement, we will ensure all events and meetings adhere to the guidelines. The health and safety of our workforce and the communities we work within is our priority. If you have any questions about this, please contact our Helpdesk.

## Utility surveys in your local area

During April, we will be carrying out ground penetrating radar (GPR) surveys in your local area, overnight between 8am and 6am. We will use scanning equipment to create a map of the utility services below the road. The road will be marked using biodegradable spray paint. Once the survey of the site is complete, photos of the paint marks will be taken to record the location of the utilities.

## How this might affect you

Between 19 and 26 April, temporary traffic management will be in place on Alperton Lane at the junctions with the following roads:

- Marsh Road
- West Links
- Manor Farm Road
- Ealing Road

Our utilities team will be carrying out the surveys in phases and you can view more information about the location of these works on the following pages.
