Overnight works at Mandeville Road site

April 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are following Government and Public Health England (PHE) advice on working safely during the pandemic. As we increase face to face engagement, in addition to virtual engagement, we will ensure all events and meetings adhere to the guidelines. The health and safety of our workforce and the communities we work within is our priority. If you have any questions about this, please contact our Helpdesk to find out more.

You can sign up for regular updates in your local area at www.hs2inbrentandealing.co.uk

Overnight working

From Saturday 21 May to Saturday 20 August 2022, we will be installing new track drainage and cable troughing next to the rail line, outside of the site hoarding line.

This work is taking place overnight each Saturday from 5pm to Sunday 5pm in a planned closure of the Network Rail line. The Central Line is not affected by this work and will still be in operation.

In order to install the drainage and troughing, we will be using an excavator that sits on the rail track and excavates parallel to the existing rail line. Materials and new drainage will also be lifted into position using the excavator.

In order to undertake these works, we will be using mains lighting where possible to illuminate the localised area of the work. However we may need to use a small mobile generator to provide lighting at particular times.

The work is down in the railway cutting so noise and lighting should cause minimal effect on residential properties. We will continue to review the lighting over this time.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Duration of works

7 May to 20 August 2022

Saturdays 5pm – Sunday 5pm

What to expect

Trackside works to install new track drainage and cable troughing for Network Rail. We will be using an excavator on the railway tracks to dig the trench and install the new track drainage and cable troughing

What we will do

We will restrict the overnight lighting to the localised area to minimise the effect on local residents. Use the smallest diesel generator if required to keep noise to a minimum

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
