

## Notice of works on Bangley Lane

April 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI is working in partnership with HS2 Ltd to build the new high speed railway in your area.

### The work we will be doing

We are constructing haul roads and accesses within Drayton Bassett and Hints with Canwell Parishes. Haul roads are temporary roads provided within a working area to allow for the movement of construction materials, construction machinery and/or construction staff around the site. Haul roads are Balfour Beatty VINCI's preferred logistical transport link, as they reduce the number of vehicle movements interfering with the existing local road network and provide the greatest possible control over works activity.

To allow our vehicles to cross Bangley Lane and to maintain the safety of road users, equestrian and pedestrians, we will create a signalised plant crossing. To enable us to commence these works we will require a temporary closure of a section of Bangley Lane.

### When these works will take place

We will complete these works in two phases of daytime and 24-hour closures of a section of Bangley Lane.

The first phase of works will take place from Tuesday 19 April to Friday 27 May. During these works we will install a temporary daytime closure of a section of Bangley Lane between 8.00am to 6.00pm (see map on page 2). Pedestrian and equestrian access will be maintained at all times.

The second phase of works will be completed from 1 June for 2 weeks. During these works we will install a temporary 24-hour closure of a section of Bangley Lane.

Pedestrian and equestrian access will **NOT** be maintained during this 2-week closure.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

### Duration of works

These works will take place from 19 April to 27 May.

Our workforce may be on site one hour before and after to set up and take down our work equipment.

### What to expect

Clear signage on local roads while we complete these works.

Pedestrian and equestrian access will be maintained.

Some low level noise will be generated from the work we are completing.

### What we will do

Inform you in advance of any changes to the date(s) shown.

Keep all sites safe and secure.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
