

## Notice of full road closure, Wardington Road

April 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. We are following Government and Public Health England (PHE) advice on working safely during the pandemic. As we increase face to face engagement, in addition to virtual engagement, we will ensure all events and meetings adhere to the guidelines. The health and safety of our workforce and the communities we work within is our priority. If you have any questions about this, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at [www.hs2innorthants.co.uk](http://www.hs2innorthants.co.uk) and [www.hs2inbucksandox.co.uk](http://www.hs2inbucksandox.co.uk).

### What are we doing?

During our main construction works, we will be using internal haul and access roads for our construction traffic, reducing the amount of construction traffic on the local highways.

To achieve this, Wardington Road will be fully closed, 24 hours a day, for approximately four weeks starting Tuesday 19th April.

During this road closure, we will be building highway crossing areas. A strengthened road surface will be created using concrete to ensure that we protect the road and any utilities underneath it for the duration of our works. In addition to our resurfacing works on this section of Wardington Road, we will also be carrying out white lining and installing temporary traffic lights. All plant crossings, without exception, will be signal controlled. The traffic lights ensure safe, controlled crossing from our works sites across the highway.

As the preparatory works will require large plant and machinery, and time for concrete to set, we are required to fully close these sections of road, 24 hours per day. This is for the safety of road users and our staff, due to this section of Wardington Road being narrow.

### When will these works take place?

Wardington Road will be fully closed, 24 hours a day, from Tuesday 19th April to Monday 16th May, including at the weekend, with a diversion in place.

We will work to open the roads to reduce disruption as soon as possible and this may require working during the weekend. These dates may be subject to change, are dependent on weather conditions and other factors outside of our control.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
