Notice of road closure Truggist Lane, and Baulk Lane, Berkswell

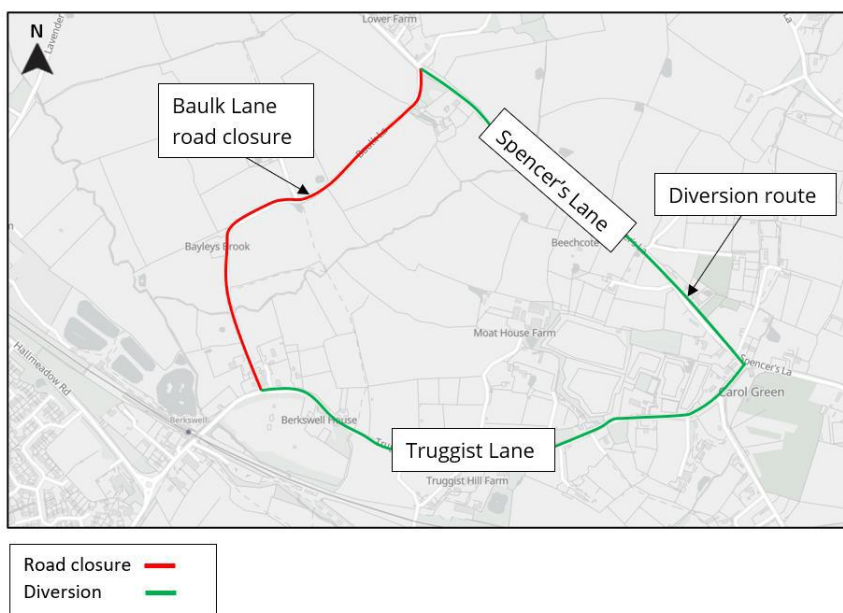

April 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are underway in your area, carried out by LM – a joint venture between Laing O'Rourke and J. Murphy & Sons.

What are we doing?

LM will be returning to Truggist Lane on Monday 16 May 2022 to conclude vegetation clearance started in late April. To complete this work safely we need to close Truggist Lane. It will also be necessary to temporarily close Baulk Lane for safety reasons due to the signed diversion route not being followed and several complaints from local residents. This road closure is for motor vehicles only and will remain open for pedestrians, cyclists, and horse riders. Fully signed diversions will be in place.

The roads will be closed between 09:30 am and 3:30 pm. Our workforce may be on site one hour before and one hour after to set up and secure our equipment. Access to all properties will be maintained. Please see the maps below.

About our Community and Business Funds

HS2 offers two funds that are available to local communities and businesses in Birmingham and the West Midlands, to help with any disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

HS2's interactive works map

HS2's interactive works map We have introduced a new, user-friendly interactive map to the HS2 website, making it easier and simpler for you to find out what current and upcoming works we are carrying out in your area. The new map brings all of our work notifications together on one webpage, making it easier for you to navigate and ensuring you are kept up to date on the work we are doing to deliver the new railway. There is also a text-only view, which allows you to view the information in a table and filter results for each area. Each work item, highlighted on the map with a 'hard hat' icon, lets you know: • the location and planned duration of the works • which contractor is delivering it • what kind of activity they are doing, such as setting up a compound or an archaeological dig To access the map, please visit: **www.hs2.org.uk/in-your-area/map**
