

Works on Park Village East and Camden Cutting worksite

February 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are following Government and Public Health England (PHE) advice on working safely during the pandemic. As we increase face to face engagement, in addition to virtual engagement, we will ensure all events and meetings adhere to the guidelines. If you have any questions about this, please contact our Helpdesk to find out more.

Update: road closure on Park Village East

We previously informed you we will close the road at the northern end of Park Village East from January to April to install utility connections between our worksite and the services beneath the carriageway.

We are currently ahead of schedule with our works to connect our worksite to the sewer main beneath Park Village East, which we expect to finish by 9 February.

From 10 to 27 February, we will temporarily re-open the road to traffic whilst there are no utility works being carried out.

From 28 February until the end of March, we will close the road again whilst Thames Water connect our worksite to the water main.

Update: works to prepare for lorry lay-by – 7 to 25 February

From 7 to 25 February, we will prepare our working area for the lorry lay-by, which will involve excavations and removing brickwork.

We will close the eastern footway, narrow the lane and suspend parking bays in front of 6 to 16 Park Village East to carry out these works. We will work Monday to Friday 8am to 6pm and Saturday 12 February 8am to 5pm. We will use noise blankets to reduce noise where possible and maintain access to properties.

We apologise for any disruption these works may cause.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email HS2enquiries@hs2.org.uk

Notification

Duration of works

January to April

Park Village East north

- **Road closure for sewer connection:** until 9 February
- **Lay-by preparations:** 7 to 25 February
- **Ground investigation surveys:** late February to mid-March
- **Road closure for Thames Water works:** 28 February to late-March

Core working hours: Monday to Friday 8am to 6pm & Saturday 12 February 8am to 5pm

Camden Cutting ground strengthening trial : 24 hrs, Monday to Friday

What to expect

Noisy works and traffic management on Park Village East

Construction team working onsite, underground, up to 24 hours a day during weekdays

What we will do

Monitor works to ensure we are operating within noise and vibration limits agreed with the local council

Provide updates at HS2inCamden.co.uk

Ground investigation surveys on Park Village East north from late-February

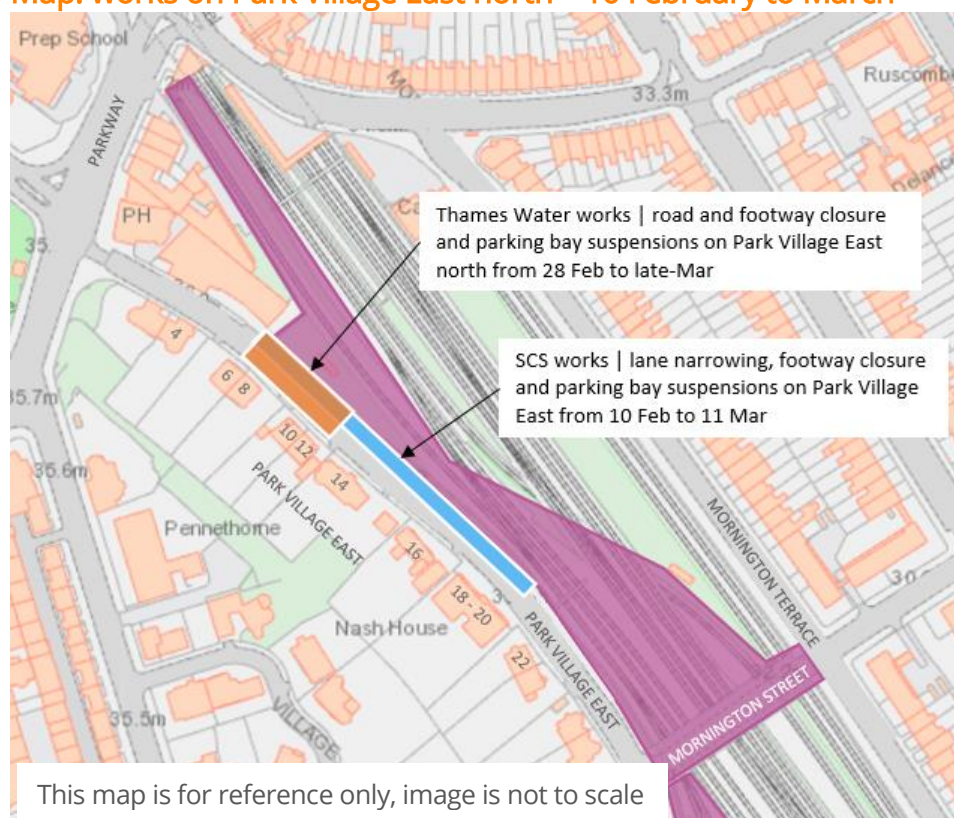

From late February we will carry out ground investigations within the carriageway opposite 12 to 20 Park Village East, on the rail side of the road. We will carry out the work in phases, in coordination with Thames Water to ensure access to properties is maintained at all times.

We will dig trial pits to check for services beneath the carriageway before using a survey rig, which looks like a truck, to probe beneath the ground and test the strength of the ground in this area. We will then fill in the pits and reinstate the carriageway. We expect this work will take about two weeks.

There will be periods of increased noise from the saw and concrete breaker as we break through the tarmac and dig the trial pits. We use a compactor to fill in the trial pits once the surveys are complete, which can also be noisy. We will dampen the worksite to reduce dust and use acoustic blankets to limit noise where possible.

We apologise for any disruption these works may cause.

Map: works on Park Village East north – 10 February to March

We will continue to coordinate works to maintain resident and pedestrian access at all times.

Weekday 24-hour working in Camden Cutting worksite

From late February to early April, we will carry out a trial within our Camden Cutting south worksite to test one of the methods we will use to reduce ground movement during tunnelling in the Euston Approaches.

This trial will involve injecting grout (similar to concrete) beneath the ground at high pressure. The grout strengthens the ground and reduces movement by filling small underground cracks and crevices. Once we begin injecting the grout, we must continue until the section is complete, so it doesn't dry out. For this reason, we will carry out the trial up to 24 hours a day, Monday to Friday.

We will begin the trial on 28 February with teams working 24 hrs / 5 days a week in an underground shaft. We will also have a team working at site-level to monitor the works. We will use a crane to lift equipment in and out of the shaft and in case of emergencies.

We will be monitoring the works to ensure we are operating within noise limits. These works will not be noisy, and we do not expect residents to notice the trial. The trial will take about two months, finishing in mid-April.

Where to find us for a chat

We will host online pop-up sessions every Wednesday from 11:00am to 1:00pm, until we return to in-person pop-ups in your local area.

We invite you to join these online sessions to ask us questions or chat about our works by registering on Eventbrite (search 'HS2 & SCS in Euston Approaches'). For quick access to the Eventbrite webpage please scan the QR code.

Once you register, we will send you an online meeting link so you can drop in or out at any time from 11:00am to 1:00pm each Wednesday.

We look forward to seeing you online.

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at www.gov.uk/government/collections/hs2-ltd-residents-commissioner

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: residentscommissioner@hs2.org.uk

Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: complaints@hs2-cc.org.uk

Property and compensation

You can find out about HS2 and properties along the route by visiting: www.gov.uk/government/collections/hs2-property

Find out if you can claim compensation at: www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint by contacting the HS2 Helpdesk. For more details on our complaints process, please visit:

www.hs2.org.uk/in-your-area/contact-us/how-to-complain/
