

# Road Closure – Frith Hill, South Heath

April 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Following the lifting of restrictions, we will once again be having face-to-face engagement events and meetings which will be publicised on local community websites. You can sign up for regular updates in your local area at [www.hs2inbucksandbox.co.uk](http://www.hs2inbucksandbox.co.uk)

## What are we doing?

We need to move our site hoarding and utilise the layby at Weights and Measures. This will provide more space inside the site where we are constructing the barrettes. We will be drilling holes for the fencing posts using an excavator placed on Frith Hill, and to do this safely the road will be closed. Graphic designs that are in keeping with the AONB will be applied on the hoarding at the end of the fencing works.

## How will this affect you?

Frith Hill, South Heath will be closed to traffic in both directions from 9.30am on 19 April to 3.30pm on 2 May during weekdays only. The road will be fully open on weekends.

Diversion route signage will be in place. See map on page 2.

## What about pedestrians?

The footpath will remain open to pedestrians as the excavator will be safely fenced off.

## Has this closure been approved?

Yes. We have obtained consent from the local consenting authority, Buckinghamshire Council, to carry out these works. A permit has been granted.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
