

Works at Atlas Road site during summer 2022

May 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

As we reintroduce face to face engagement, which is in addition to the ongoing virtual engagement, we will continue to follow government guidance on reducing the spread of Covid-19. The health and safety of our workforce and the communities we work within is our priority. Please contact the Helpdesk if you have any further questions relating to our response to the Covid-19 pandemic.

Ongoing works at Atlas Road site during summer 2022

We are continuing to prepare the Atlas Road site ready to build the Atlas Road Logistics Tunnel and install the conveyor system. Works planned at the Atlas Road site during summer 2022 include:

- Ground excavations, backfills and concrete pours
- Installation of on-site utilities connections
- Installation of silos and grouting plant ahead of future construction activities
- Construction of the launch ramp and box for the Atlas Road Logistics Tunnel including excavations, prefabricated steel reinforcements, concrete works and drainage
- Construction of tunnel boring machine (TBM) workshop

We held an online engagement event in March 2022 about ongoing and upcoming works at the Atlas Road site. You can view the presentation at [www.https://www.hs2.org.uk/in-your-area/local-community-webpages/hs2-in-old-oak-and-north-acton/community-engagement/](https://www.hs2.org.uk/in-your-area/local-community-webpages/hs2-in-old-oak-and-north-acton/community-engagement/)

Hoarding artwork update – Midland Terrace

Over the past year, we have been liaising with local representatives from Midland Terrace and Shaftesbury Gardens about hoarding artwork for the section of hoarding near the Dudding Hill railway bridge and the embankment area on Victoria Road. We will install ivy artwork on this section of the site hoardings. The artwork has now arrived on site and we are planning to install the artwork during June (exact dates to be confirmed). Thank you for your patience.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
