

# Notice of works on Cappers Lane, Lichfield

May 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

## The work we will be doing

We will be installing a road closure on Cappers Lane. This is to allow us to safely complete survey works and for the translocation of hedgerows.

## When will these works take place

These works will take place along Cappers Lane from Monday 23 May until Friday 27 May. Our working hours will be from 9:30am until 3:30pm on weekdays only and the section of Cappers Lane will be open outside of these times. Our workforce can be on site one hour before and after to set up and secure our equipment. Following the road closure we will have a lane closure with temporary traffic lights installed for a duration of three weeks from Monday 30 May. Please see maps on the following page.

## Ongoing work around Cappers Lane

Further to the work detailed above we are constructing accesses and haul roads within the Cappers Lane area of Lichfield. To facilitate the construction of these, we will be undertaking the following activities until Winter 2022:

- Continue site surveys across the working area.
- Receive deliveries of stone and materials to create the working areas
- Create construction haul roads which will require works to develop accesses off the local highway. These are temporary roads within our working areas, allowing the movement of construction materials, construction machinery and/or construction staff around the site. Haul roads reduce the number of vehicle movements interfering with the existing local road network and provide the greatest possible control over works activity.
- Where construction haul roads cross highways, bridleways and public footpaths, controlled crossings will be put in place to ensure public safety.

## Duration of works

The construction of accesses and haul roads will continue into Winter 2022.

Please note these works maybe subject to change.
