High Speed Two (HS2) is the new high speed railway for Britain.

What are we doing?

Severn Trent Water need to carry out work on their assets in the field south of Lavender Hall Lane near Lavender Hall Auto Repairs, running between Lavender Hall Fishery and Lavender Hall Lane. The works will include excavating across the field and behind the Multi Vehicle Movers location. Once the work is complete reinstatement of the area will take place. We will initially establish a site compound with works beginning on **23 May 2022**, with the main works starting in June 2022 continuing until **19 May 2023**.

How will this impact you?

Severn Trent will be working in the area highlighted blue on the image below, there will not be a requirement for traffic management.

All activity will take place in a secure area, you may see an increase in construction traffic in the area during the works.

Severn Trent has a responsibility for delivering water and sewerage services to homes and businesses across the region, and to ensure that the impact of any work is kept to a minimum.
