

Notice of night shift works – Berkswell Station

May 2022 | www.hs2.org.uk

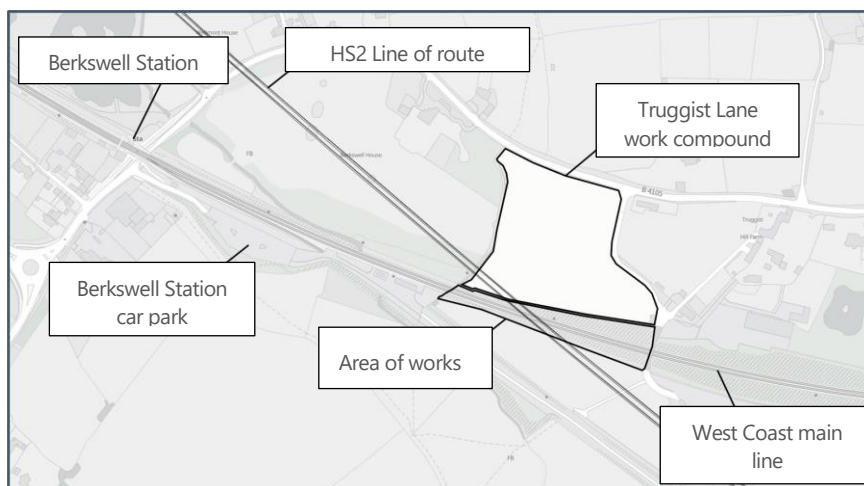

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

UPDATE

Following the work for the lowering of the overhead power lines during the easter weekend rail closure it is necessary to carry out excavation works adjacent to the track side to create a working platform for the construction of Carol Green bridge. An excavator will be used to remove material from the bank side and temporarily stockpile with in the work site. (See map Below). Depending on the progress of the planned works it may **not** be necessary to work every Saturday night, but we do envisage working each Saturday night up to and including the 2 July.

We will be erecting a 2.5 metre fence around the excavator that will be fitted with a noise dampening blanket. We will have real time noise monitoring on and around the site and if the noise thresholds are exceeded work will stop until it can be rectified.

The workforce will access the railway through the rear of Berkswell Station car park and Truggist Lane compound. We will keep you updated through www.hs2insolihull.co.uk.

If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email HS2enquiries@hs2.org.uk
