

Notice of water main diversion – A4091, Middleton B78 2BB

July 2022 | www.hs2.org.uk

Notification

High Speed Two (HS2) is the new high speed railway for Britain. To allow for the construction of the new railway and to continue to ensure a safe and reliable water supply, South Staffs Water will be commencing work on the diversion of a water main in July 2022.

What are we doing?

South Staffs Water will be carrying out the diversion of an existing water main.

All works will be undertaken within the carriageway of the A4091, Middleton

All accesses will be maintained with the use of 3-way temporary traffic lights on A4091 and Bodymoor Heath Road.

The work is planned to start on **4 July 2022 and is expected to last until 5 August 2022**. All the works will be undertaken between the hours of 8.00am to 5.00pm Monday to Friday.

How will this affect you?

The majority of vehicles being used for these works will be Transit van size work vehicles, with some machinery being delivered to site using Large Goods Vehicles.

We do not anticipate the level of these traffic movements will have any significant impact on the local road network. The below plan shows the extent and position of the traffic management.

We have designed our works to avoid disruption to the water supplies of our customers.

COVID-19

The safety and wellbeing of our colleagues and customers is our number one priority. We are regularly reviewing the official government advice regarding COVID-19 and advising our colleagues to follow the necessary hygiene measures. If you are passing our workers, or if you need to talk to them, please maintain two-metre social distancing. This will help to keep us all safe.

If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email HS2enquiries@hs2.org.uk

Duration

- From 4 July to 5 August 2022.
- Our working hours will be 8.00am to 5.00pm (Mon-Fri)

What to expect

- Signage on the roadside where we access our worksite.
- Temporary fencing to maintain a safe working environment.

What we will do

- Limit the amount of vehicle movements
- Make sure all construction vehicles use agreed routes
- Maintain a safe working environment
- Inform people in advance of any changes

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
